IN MEMORIAM

BROTHER FORD BUCK.

Whereas, Every day our Heavenly Father is calling us one by one to our Eternal home.

This time He has claimed for His own one of our Brothers, Ford Buck; therefore be it

Resolved, That we the members of Local Union No. 55, I. B. E. W. extend to the bereaved family, our heartfelt sympathy, in this hour of sorrow and commend to them to the Ruler of the Universe who doeth all things well, and be it further

Resolved, That our charter be draped in mourning for a period of thirty days and a copy of these resolutions be sent to the family and Worker.

G. W. Cook,
C. C. Richards,
Robert Stanley.
Committee.

BROTHER McDERMOTT AND BROTHER O'HARE.

The following resolutions were adopted at a recent meeting and ordered sent to Grand Office to be published in Worker in respect to Brother McDermott and Brother O'Hare who died recently.

Whereas, It has pleased the Almighty God in His infinite wisdom to remove from our midst our beloved Brother Stephen O'Hare, and

Whereas, Brother Stephen O'Hare was a true and loyal member of our union, and honest and faithful workman; be it

Resolved, That we hereby express heartfelt sympathy to his bereaved family in their hour of grief; and be it further

Resolved, That our charter be draped in mourning for a period of thirty days and that a copy of these resolutions be sent to the bereaved family, that a copy be sent to the Official Journal for publication and that they be spread on the minutes of the Local Union No. 37, I. B. E. W.

John Chickering,
Recording and Press Secretary.

BROTHER EUGENE McDERMOTT.

Whereas, It pleased the Almighty God in His infinite wisdom to remove from our midst our beloved Brother Eugene McDermott, and

Whereas, Brother McDermott was a true and loyal member of our union, honest and faithful workman; be it

Resolved, That we hereby express our heartfelt sympathy to his bereaved sisters in their hour of grief; and be it further

Resolved, That our charter be draped for a period of thirty days and that a copy be sent to the bereaved family, and one to the Official Journal for publication, and that they be spread on the minutes of Local Union No. 137, I. B. E. W.

John Chickering, Recording Secretary.

BROTHER D. A. GOSSETT.

Resolutions on the death of D. A. Gossett, member of Local Union No. 156, who was electrocuted July 10, 1918.

Whereas, It has pleased our Supreme and Heavenly Father to call from our midst our dear beloved and constant brother, D. A. Gossett, and has seen fit to have him side by side, with his companions that know nothing other than purity.

Whereas, We mourn the loss of such a worthy brother, we must, in turn rejoice that we, through those years, have been blessed with the companionship of such a distinctively good character, that even God, in His lofty highness, would call him from us,

Whereas, The calling of this brother has made a vacancy in L. U. No. 156 that will be looked upon with deep and sincere remembrance, as we loved him and we will miss him,

Resolved, That our heartfelt sympathy is minute in comparison for the loss we feel so acutely and to keep before us the reverence due him, we call upon the President and brothers of Local Union No. 156, to drape our charter for thirty days.

Resolved, That our kindest regards and full sympathy be extended to the wife and near relatives, and to have this feeling extended by sending a written copy of these resolutions.

Resolved, That these resolutions be spread upon the minutes of Local Union No. 156 and a copy sent to the Worker for publication; and be it further

Resolved, That we keep him in mind forever.

Geo. E. Hill,
J. W. Dawson,
J. P. Callan,
Committee.

BROTHER WILLIAM JOHN GATELY.

At a special meeting of Local Union No. 181, International Brotherhood of Electrical Workers, held July 22, 1918, the following resolutions upon the death of William John Gately were adopted.

Whereas, It has pleased God's infinite wisdom to remove from our number William John Gately; and

Whereas, One of the early members of this Brotherhood, he was an earnest and conscientious worker, always seeking for that which was right and just, and as a friend was loved and respected by all; be it

Resolved, That while we bow in humble submission to the will of the Almighty, we shall always hold his name in sacred memory; and be it

Resolved, That in token of our regard and sympathy for his bereaved relatives, that a copy of these resolutions be tendered the members of his family, and the charter of the Local Union be draped in mourning for thirty days; and be it further

Resolved, That a copy of these resolutions be spread upon the minutes of the Local Union and published in our Official Journal.

L. D. Lacy, Wm. G. Richards, Frank Snyder. Committee.

BROTHER SAM B. FRENCH.

Whereas, Our Heavenly Father has called to rest, our esteemed Brother, Sam B. French, from Local Union No. 481, friends and relatives of Indianapolis, Ind.; be it

Resolved, Our heartfelt sympathy be extended to his widow, and relatives; and be it further

Resolved, That our Charter be draped for thirty days, a copy of these resolutions be spread on the minutes, and a copy sent to the Grand Office, to be published in the Official Journal.

Chas. Lutz, Thos. T. Hoefling, Wilfred Moore. Committee.

BROTHER F. M. CUMMINGGS.

Whereas, The Almighty and Supreme Ruler in His infinite wisdom has seen fit to take from our midst Brother F. M. Cummings, and we hereby second our appreciation of his sterling character as a man and his loyalty as a Brother; be it

Resolved, That the heartfelt sympathy of the members of Local Union No. 594, I. B. E. W. be extended to Brother Cummings, wife and relatives; and be it further

Resolved, That a copy of these resolutions be sent to our Official Journal for publication.

P. A. Harmon, Secretary L. U. No. 594.

BROTHER ALBERT S. GUMMOW.

Whereas, It has pleased Almighty God in His infinite wisdom to call from this life our respected friend and brother, Albert S. Gummow; and

Whereas, We mourn the loss of whom the members of this local held in high esteem for his sterling character and qualities as an earnest and valued member of this union; therefore be it

Resolved, That we as a union in brotherly love, pay tribute to his memory by expressing our sorrow at his loss and extend to his family our deepest sympathy in their hour of bereavement; and be it further

Resolved, That a copy of these resolutions be spread on the minutes, a copy sent to the bereaved family and a copy sent to our Official Journal for publication.

C. C. Clugston, Lawrence Crim, Frank Tam. Committee L. U. 209.

BROTHER AND PRESIDENT GERALD T. SILK.

Whereas, Local Union No. 588, International Brotherhood of Electrical Workers, has sustained its first loss by death in his service for his country in the war for democracy; and

Whereas, Gerald T. Silk whose body is now consecrating a grave in France is the member whose name is the first to be inscribed in the Local's list of heroes; and

Whereas, Mr. Silk has been a faithful member of this Local for four years during which period he gained and had the warm regards of his fellow members by reason of his high character and lovable qualities; therefore be it

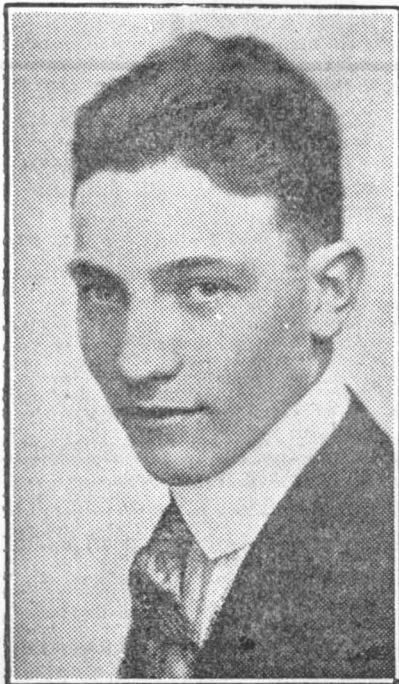

Resolved, That Local Union No. 588, International Brotherhood of Electrical Workers at a meeting held August 2, 1918, desire to fittingly express their sense of loss collectively and individually; and be it further

Resolved, That the members extend their sympathy to the parents of our heroic president whose spirit still lives and inspires; and be it further

Resolved, That a copy of these resolutions be presented to the parents of our deceased Brother, and to the city press for publication and that a copy be forwarded to the Electrical Workers Official Journal; and be it further

Resolved, That for a period of thirty days the charter of Local Union No. 588 shall be draped in mourning, and that to perpetuate the deceased's willingness and sacrifice a copy of the resolutions to be spread upon the minutes of Local Union No. 588,

John J. Wade,
Chairman.
John A. Ryan,
Fred A. Robey.

THE GERMAN IDEA

SHALL this war make Germany's word the highest law in the world? Read what she expects. Here are the words of her own spokesmen. Then ask yourself where Germany would have the United States stand after the war.

Shall we bow to Germany's wishes—assist German ambition?

No. The German idea must be so completely crushed that it will never again rear its venomous head.

It's a fight, as the President said, "to the last dollar, the last drop of blood."

Americans, know the essential war facts! Your government has itself undertaken to give them to you. The Committee on Public Information has published a series of pamphlets, as follows. Any two sent upon request to the Committee on Public Information, Washington, D. C.

NOTICES.

Owing to difficulty in our jurisdiction, having the Constitutional number of men unemployed, we are required to place in force Section 8, Article 14 of the Constitution.

A. L. Kelfe, B. A.,
L. U. No. 5, I. B. E. W.

All members are requested to pay no attention to advertisements in the daily papers for men to work at the Holt Cattipillar Co., Peoria, Ill. These advertisements are deceptive and unreliable and are made for the purpose of luring men here and defeating the issues that are up between that company and Local Union No. 34.

W. W. Wade, P. S.

It has come to our notice that Brother C. D. Oswald, Card No. 359471, has been accused of absconding with Local Union's funds and we wish to enter a most emphatic denial of the Brother having ever committed any such crime. Brother C. D. Oswald, is a brother of Harry E. Oswald, Financial Secretary and Treasurer of L. U. No. 131 and both are men of excellent reputations. We trust that the names of these brothers will not be confused with that of the guilty party.

E. G. Smith, L. U. No. 131.

"Brothers Geo. Gatson, Wm. Story, J. C. Tobin, E. Busienski, W. F. Wilson, F. A. Shelley, T. J. Abbott, Chas. Sollers, H. M. Sanks, W. J. Taylor, H. Strieb, J. J. Cotter, R. G. Brownell, Wm. Peterson, Pete Flynn write to the John Roberts Co. or the Hampton Construction Co., San Diego for back pay on Kearny and North Island jobs since April 1, 1918, and oblige,
Yours fraternally

C. A. Eldred,
B. A. Local No. 465, Labor Temple.

Anyone that runs across two men by the name of Dan Kempner and Tom Gauge will look upon them as scabs, for they have done the act in Indianapolis, Ind.

Yours respectfully and fraternally,
Chas. Lutz.

Owing to the fact L. U. No. 494 had a strike on with the majority of the contracting shops in Milwaukee, effective July 1st, Section 8, Article IVX of the International Constitution had been placed in force for 90 days."

On and after Aug. 1, 1918 any union man working in the jurisdiction of Local No. 519 without depositing traveler or receiving a permit from the Local will be assessed the sum of \$1.00 for each day so worked. This order will be strictly enforced from this time forward, as Local No. 519 can not exist with the Brothers dues going to some other Local.

W. A. Smith, Secy.

The membership of Local 713 employed at the Continental Can Company plant at Chicago has obtained an increase of wages of eleven cents per hour.

All linemen keep away from Omaha as conditions are rotten and expect trouble.

Fraternally yours,

A. N. Murdock, Fin. Secy.

In accordance with the vote of the membership on the recent referendum submitted providing for a Fourth International Vice President of the Brotherhood for Canada and Maritime Provinces, and having in mind the election of E. Ingles at our recent convention and being convinced of his ability to fill the position, I have appointed E. Ingles as International Vice President for Canada and Maritime Provinces.

Jas. P. Noonan,
Acting Inter. Pres.

EDITORIAL

PROFITEERS. The individual that is classed as a "profiteer" occupies an unenviable position in our industrial and social life and represents as despicable a class as the nation has to deal with.

It matters not whether the profiteer is a manufacturer, contractor, commercial business man or a working man, for they are no doubt found in all walks of life.

No criticism is due those who receive a reasonable return for their endeavors but something more effective than criticisms should be applied to those who take advantage of the war to reap profits beyond the point of reason and create costs that are unnecessary. It is the policy of the Government to award contracts on a cost basis plus a profit percentage. A method that if honestly executed is fair to all concerned. There is however room for this system to be abused both by the contractor or manufacturer as the case may be and those employed by them.

It may seem to some that it would be impossible for the mechanic or laborer to be classed as a "profiteer" as he receives a stipulated daily wage. He is one just as much as the employer, if he loafes on the job and does not give a reasonable day's work in return for his wage. Keep in mind the fact if you take two days to accomplish what you can reasonably do in one, you have cheated the Government out of a day's work for which there is no justification, not alone this, you have helped Mr. Contractor to collect his part of the swindle as he receives a profit on your work which of course is proper if he and his employees are giving an honest day's work in return for a fair day's pay.

The work of supplying war materials and providing quarters for the Nation's defenders is a gigantic task. Hundreds of thousands of workmen are required to carry it on. Imagine the opportunity for abuses to creep in. Government officials can't prevent them entirely but do without question keep them at a very low minimum. Organized labor can assist very materially in eliminating improper conditions where they exist by treating a loafer with the same degree of contempt as the public does a slacker.

Don't feel content so long as the boss don't find fault. Every man knows what a decent day's work is and if you are working for Uncle Sam, all the more the reason why you should give a fair day's service.

The case may be, the boss pays no serious attention to loafers. If this is so it is a pretty good bet his patriotism is branded with the dollar sign and he is more concerned over profits than over the prosecution of the war to a speedy and successful conclusion.

No man is expected to work as though fighting fire but by giving an honest day's work, you are doing your duty as a citizen and an enemy of autocracy.

**SAVE YOURSELF
INCONVENIENCE.**

With each day's mail we receive a large number of letters from members complaining they can not obtain their traveling card or receipt for dues that they have sent to their home local.

We realize that occasionally members are required to leave their home city on short notice and do not have time to procure a traveling card, but such cases are the exception and not the rule, and all members should see to it that they provide themselves with a card before leaving the jurisdiction of their home local if they intend to go to work elsewhere.

By following such a practice they will protect themselves against inconvenience and possibly fines. Remember the average Financial Secretary works all day and performs his official duties after working hours, and generally receives little, if any, compensation for his services and it is unreasonable to expect him to spend all his spare time answering correspondence. Members can help the Financial Secretary as well as themselves if they will arrange to obtain their traveling card and pay their dues before leaving town. Don't be afraid to pay your dues a little in advance, it means protection to your standing and prevents delay and inconvenience.

Thousands of members take traveling cards in the course of a year. They do it in the regular way and experience no difficulties. If all would do the same a great deal of trouble and unnecessary work would be avoided. You don't start traveling without your pocket book and to union men their paid up card is just as important. There are also many members who locate in some place far away from a local union, that entertain the opinion they should forward their traveling card to the I. O. and pay their per capita to headquarters. All such cards and remittances we are required to return to the member, as we can not accept per capita upon a member, only directly through his local union. There are circumstances under which members can pay directly or individually to the I. O., that is where they have obtained a withdrawal card. Members should keep in mind the fact that they are still members of the local union issuing the traveling card until such time as the card is deposited into another local union.

L. U. NO. 1, ST. LOUIS, MO.

Editor:

We have been having some record breaking hot weather, so far this month. Makes one feel as Brother Joe Epstein says, "like doing more work in two days than we do in one."

The number of boys from No. 1 in the Government Service has increased to 54, necessitating a new and larger service flag which will make its first appearance at the head of our Labor Day parade, which will be one hundred per cent strong. Some members feel that Labor Day is a good chance for vacation or to go fishing, but Labor Day was created to show the world, Labor's strength in numbers by its parade, and this year's parade will show its share in the world's war.

At the meeting of August 6th, No. 1 elected Brothers Hubert M. Morrison, our Financial Secretary and O. E. Jennings our organizer, delegates to attend the Missouri State Federation of Labor. Brother Morrison now holds office there as Second Vice President.

The Union Electric Light and Power Company enrolling is going on fine. Organizer Jennings is working on a plan to wire recognition of our local without a strike.

The St. Louis Brass trouble is still unsettled, but expect decision of the War Labor Board, along with their decisions on the Wagner and St. Louis Screw Co. cases.

Organizer O. E. Jennings and Business Agent, James F. McGinn, were called to Washington two weeks ago to appear before the War Labor Board. Henry Sten-ecke, (chef.), Jas. F. Casey (musician); W. O'Shea, Larry Kennedy, Will Milham and Ed Kuntze, fire fighters; Steve Garrigan, fisherman and he has photos to prove it; George Smith, W. McManus, Jule Kuntze, of the All Star fishing club, spent several days fishing on the Merrimac at R. Hopkins lodge. Brother Hopkins was allowed to go along as host but without a vote. From all reports and plans the fish will sure suffer the next time. They expect to try a new and novel experiment of filling the river full of immense weights and boulder and crowding the fish out of the water.

Brother William Wilkins has departed for Nashville. Brother Ed Kuntz has gone to Youngstown, Ohio. Geo. Sceauf and A. Wishmeyer, have been there for some time.

Bro. Carr now Sergeant Carr, paid No. 1 a call on August 6th. He is home on a furlough from Camp Funston, where he has charge of the water works.

No. 1 felt sore and very promptly and strongly protested a decision rendered by a committee from our local Building Trades Council, giving the hoisting engineers the right to operate a traveling crane in the Bevo Building, installing machinery, claiming that it was part of the building. Vice President Noonan has the matter in hand before the B. T. Department, of the A. F. of L.

Arthur Branch, Supervisor of City Lighting and Chief of Electrical Inspection, resigned August 1st. As yet no one has been appointed to the position.

Recording Secretary, E. O. Luhm, has been on the sick list several weeks, an injured leg, caused by an 18 foot fall.

Press reports seem to foretell a new draft will extend the age limit to give the most of us who are left a chance to sign up with our Government. The machinery seems to be running fine and our younger brothers who are in the service are for once setting us an example that we may equal but never can excel. So far as we know no one from No. 1 has fought the ruling of the draft boards in attempts to keep out of the service.

John B. Hayes,
Press Secretary.

Requests that all Local Unions receiving applications from men coming from Chicago that they notify Local No. 9 before favorably considering same. Our reasons for making this request is that Local No. 9 has a number of ex-members that will be drifting around the country looking for some of the good jobs that are going on, and are willing to pay to get one. We feel that men carrying cards should be considered before any of these ex-members and men that have never had a card in their life and never expected to until they saw a chance to get a job where they can make \$50.00 or \$70.00 per week by paying a small initiation fee. Trusting all Local Unions will comply with this request, we beg to remain

Yours fraternally,
L. M. Fee,

As is the usual custom of Local Union No. 17 to hold an annual excursion, but owing to the war conditions and extra tax on boat fares and several other reasons the Local decided to hold a Field Day which was attended by about 300 members and their families at Belle Isle, July 27th. Following is a clipping of the Detroit Labor News of the happenings of this occasion.

Field Day Was Great Success; Fun and Hilarity Galore.

The basket picnic and field day last Saturday at Belle Isle, was well attended, and those members that didn't attend, missed the time of their lives. The members and their families enjoyed themselves immensely. The baseball game in the morning between the Splicers and Linemen was a hot contest, the former winning by the score of 16 to 15. The phenomenal play of the day was First Slacker Stubenwohl's catch and the timely hitting of the old vet, McKay. The poor base running of Utility Man Kiehl was costly to the Linemen.

The field program started at 2 p. m. sharp. Here we had the most exciting contest and plenty of laughter. The first pull in the tug-of-war, between the Splicers and Linemen, was disqualified, because the Linemen claimed a suffragette gave the Splicers a hand. After a hard contest, the Linemen won. Remarkable speed

was shown in the old men's race, William Wright winning, defeating the old star, George Harrison. It was in this race that McKay took his shoes off, and he immediately became unpopular with the spectators. Our heavyweights gave a startling exhibition in the 50-yard dash. It put you in mind of Camp Custer's artillery in drilling practice. The other events were just as exciting and plenty of ability shown. The penny scramble for the children was a scream. The program was handled splendidly by Starters Stubenvose and Sheridan, Referees Frost and McKay, Umpire Bartlett, and Prize Awardee Geer. Manager Frost for the Demon Splicers proceeded to match wits with Manager Stubenvohl and his all-stars in a baseball game. The game was very exciting and unusual ability displayed. Weed, the first sacker for the all-stars, played an excellent game, and after he found out he was the biggest electrical worker he endeavored to get the Splicers goat. The heavy stick work of the day was done by the Splicers. (Sunny) Jim Quinn got a home run and the kid with the band house cliff, F. Willard, duplicated. Game called on account of darkness. The following winners of the different events were:

50-yard dash for men, 200 pounds and over: W. R. McCutcheon, first prize; Jas. Louks, second prize.

100-yard dash for young men: Fred Geor, first prize.

50-yard dash for young ladies: Mildred Grover, first; Lena Martin, second.

50-yard three-legged race: C. N. Johnson, first; Edith Fox, first; Louise Summerville, second.

50-yard dash for girls, 15 years and under: Hazel McFarland, first; Viola Woods, second.

25-yard dash for boys, 7 years and under: Charles Phelps, first; Gordon Louks, second.

50-yard shoe race for boys: John Palmer, first; Gordon Louks, second.

Ball throwing contest for ladies: Miss Martin, first; Mrs. Martin, second.

Married ladies' race: Mrs. Martin, first; Mrs. German, second.

Race for men, 40 years and over: William Wright, won.

Shortest electrical worker: Ted Snyder.

Tallest electrical worker: H. Weed.

Fraternally yours,
William Frost, P. S.

Well I guess that Brother Ford or Uncle Sam thought that Local news was all that interested me, so I lost out on my Worker. Well if it went to some of the boys Over There I would not kick.

Local 22 has nearly 25 per cent of her boys in the service and they have had good practice for fighting the Boches by their experience fighting the Business Men's Association here in Omaha.

We, in Omaha, as well as in many other places, are beginning to wonder why they are always preaching Patriotism to the Organized worker when every one knows that the Laboring man is as patriotic, and even more so than most of the Preachers.

At a Red Cross get-together meeting at the Chamber of Commerce rooms we were assured that there would be no trouble between Labor and their Employers in Omaha this year, and the president of the Central Labor Union told them that as long as Organized Labor was putting their defence funds into War Savings Stamps and Liberty Bonds he would suggest that if the Business Men's Association or any others

that had a fund for fighting labor they should do the same thing. What was the answer from these so called Patriots? When there was no thought of trouble to revive the injunction of last year and force the electrical Workers and the C. L. U. to fight it up to the Supreme Court of the State where it now rests until after election. And all this in less than a week from the time we had that assurance.

Some more of these Omaha Patriots when we got the sugar cards immediately raised the price on all syrup five cents a can, and when the food director of the state went on his honeymoon, a few more of our patriots raised the price of bread one cent a loaf.

We all are willing to do our bit, but it goes against the grain to have some of the "Other Half" who are getting their bit along with their drop of blood from the working man always preaching to us.

I wonder how "Old Mother Bell" will be since she married Postmaster General Burlison? It should add a few hundred to the I. B. amongst her employees now that they don't have to take their job in their hands when they get a card.

Brother Ray Cleary showed his welcome face at meeting last week, but either it was too hot or the cat got his tongue because we could not get him to talk.

Never mind Ray, we will forgive you this time. You talked enough to us and for us during our strike last year.

A good one was pulled off here a short time ago when the Douglas County Consumers League, a co-operative store organized and financed by Organized Labor had their new store wired by Scab Electricians. Yes, Brothers, we have a few of those animals left in Omaha.

On numerous bill boards there are signs reading "Be Patriotic, buy it made in Omaha and help Uncle Sam relieve congestion on the railroads." And when you go to the Commercial Club there is not an Omaha made cigar in the case. Consistancy, thou art a jewel.

The card men still persist and in some organizations are in the majority over the union men that is why we have these conditions, but I am glad to say that in Local 22 he good of one is the good of all and that is why our collection of contractors goats is still growing. They used to pull some pretty raw stuff over on us, but it is a well known fact that the absent treatment will do them a lot of good, so they are fairly good now. Must close.

Riley.

Editor:

I beg to advise that conditions in this locality are about the same as previously reported. Our members are all working and the indications are that employment will be steady for the rest of the season. The high board fence (\$200 Initiation fee) that we built around the city is still in tact and as yet no one has been able to get through over or under without first making satisfactory arrangements with Local 34. We hear considerable complaint on the outside about the height we made it, but as a rule it comes from the scissor bills or those who crawl in when they have to and out again whenever they can, all of which indicates that we are pursuing the right course. It takes money to run a local if you expect to get anywhere, so it is cold turkey without any apology and when you refuse to kick in with the two hundred bones you get kicked out.

We are running the local for the benefit of the brotherhood and not for the selfish ends of the individuals, who think they are doing us a favor by joining us. Neither do we have any floor space for the double sculls and loose heads who are always

demonstrating their greatness as union men by telling us what a s—b the other fellow is. You will find that breed all in camp outside of our high board fence.

I see that my last letter drew favorable comment in the July Worker from old crip of Local 156. Many thanks old timer for the compliment. I am not dead yet, and in fact I had never given the matter any thought, as I am too d—m busy working on a bunch who have had me in the lime-light in the recent past. At the present writing I have them on that part of their anatomy that is covered by their coat tails and the next move they make I will put them on their backs. These remarks only apply to those who think they have something on Shorty Wade.

I notice the sorrowful lamentation of my old friend, Zeb Brown of Local No. 51 in July Worker. Poor Zeb mourns because the attendance is falling off he intimates that they are loosing their spirit of Unionism. Bless your heart it is the first time we ever heard of them having any. But cheer up old boy, the world is getting better. I would suggest as a means of increasing the attendance at your meetings that you write up a contract to present to the Light Co. calling for an eight-hour day and increase in wages consistent with the H. C. of L. and a closed shop and with the I. B. of E. W. attached thereto. Slip this over some meeting night and there will be no question about the attendance at future meetings as they will all be there.

Judging the future by the past the Superintendent always sees to that, and like Edison's Dog they know their master's voice. We appreciate the handicap you and the faithful who are with you are under, but remember the men you complain of are not interested in anything as long as you do nothing. Direct action is what they need for the reason that men who violate their obligation and the I. B. of E. W. Constitution and adopt the employers rules as their bylaws are not entitled to any consideration from this brotherhood.

In conclusion I want to say that fourteen of our members have been called to the colors and on their way to Berlin. They are every one an Ace and the Local wishes them all good luck and assure them a warm welcome when they return home.

Yours truly,
W. W. (Shorty) Wade.

L. U. NO. 38, CLEVELAND, OHIO.

Editor:

The maintenance section of Local No. 38 of Cleveland, Ohio, is today facing the climax of their last scene of the so-called comedy drama, Electrical Workers vs. Electrical Manufacturers.

Since the conference committee of the Electrical Manufacturers have point blank refused to make the semblance of a proposition that would straighten out the grievances of the Maintenance men, our agreement is now in the hands of the War Board at Washington.

We did everything we could to adjust this matter without outside help, but the manufacturers have seen fit to disregard all our efforts to do this in a way agreeable to all parties concerned. The War Board is our only and last subterfuge.

If any body of men ever deserved reward for faithful service and patience it is the maintenance men of Cleveland, and for ten months we have adopted the watchful waiting policy that our government advisors have advocated. Uncle Sam has asked us not to strike and we have abided by his request and now Uncle Sam we feel that it is up to you to put out your hand and give us a friendly pull upwards.

The Maintenance Organization is more than a speck on the horizon of the manufactures. It promises today to be one of the biggest organizations in the electrical world and the manufacturers realize it and are leaving nothing undone to put this Union out of commission, but they say co-operation is one big thing to success. If that is so then be assured of an agreeable settlement at the City of Justice for we have co-operated with the government in keeping the munition plants running and we are 100 per cent solid behind our organizers, who are doing everything in their power to make this Union recognized all over the country. Up to this time the maintenance men of this section have never received their just dues, but every dog has his day and ours is coming and the sooner it comes the better for us all.

Through the hard working efforts of Brothers Fitzgerald and Sickman the railway operators have at last seen the light and are coming into the organization fast, and believe me Brothers, you are welcome and more power to you.

These boys for some time have been straining at the leash and this very night this leash broke and every operator with the exception of a very few in one station left the job on their own free will. I suppose they could see the bull-doing tactics that were coming to them so they beat the company to the bridge. This matter will likely be taken up by the government but as yet there are no developments.

Every good union man is asked to be very careful in the coming primaries as a few of our old friends the corporation judges are running for re-election and these men have got to be defeated for the good of the organization.

Editor:

Well, as our Press Secretary, Brother Dwiggins, is now on the Pacific coast, I guess I will give the boys a few lines, as we are still on earth. I represented the Cleveland Federation of Labor to the St. Paul American Federation of Labor convention, being there to two conventions I will say she is a good town. The convention was very smoothly and wisely conducted, due I guess to the war, as all crafts settled their jurisdiction disputes, or referred them to the officers and A. F. of L. Ex-Board. The Electrical Workers had three delegates besides our general office delegation. We have a dispute on with the Hoisting and operating Engineers, and its up to all Locals to do all in their power to hold the Electric work, and I think it would be a wise stunt to furnish the G. O. with an agreement of your local conditions for their use.

Well, just a few words on the results of the referendum. I think the Brotherhood made a mistake when they voted the girls out. We are more or less founded on local autonomy, and by the vote of the girls it shows they did not get it. As for example there was only one little local of girls that voted to leave the Brotherhood. We could be more affective with the big companies all in one I. B. E. W., the same as the hotel and restaurant employees are, bartenders included, as they are important these hot days. I hear they are going to try and have a convention of girls in Buffalo August 12. From what little I hear I don't think they will have much success. We are asking for 3 per cent raise from the municipal light, and from the Illuminating Co., and have every reason to believe we will get a good substantial increase. We are also striking the Street Car Co. employees tonight, as the company has for a

week refused to meet Local Union No. 38, who is at the front.

The Locals here in the city have also presented both Telephone companies with an agreement, after getting consent of the G. O., and should the companies refuse to meet us, we will have some work for the war board getting an adjustment. Manager Graham of the Ohio State Telephone Co., is a hard guy towards unions as he so stated to me in conference. But now that Uncle Sam has the lines and with the Government saying men have a right to join a union without being fired we may be able to soften him up a little.

Well, we have thirty-six boys in the service, some of them have been "over there" for a year and are all O. K. yet, as we hear from them now and then. More power to you boys, and may you come home rejoicing with the Kaiser's goat. We are getting a service flag made with names attached for your Honor. Now I will close by asking all to demand the label when spending your money. I am

Faternally,
Herman Derolph.

Editor:

It appears to me as though one of the active members of the Local Union had ought to take a whirl at the pen and get a few words into our Journal.

In spite of the fact that our brave and conscientious local has been and still are locked out for the past or nearly three years by the contractors association, we have weathered the storm, and have suffered the loss of only about six members who fell out of the line.

We are now out in the front line trenches, have started an organizing campaign by which we are inclined to clean up our city and vicinity. We have been lucky enough to have the services of Organizer H. H. Broach with us for the past two weeks, and by the way he has started us in this campaign. We expect to wind up our trying labors with a hundred per cent organized town. Brother Broach has mapped out a program for us which is a tiring, but successful one. We held two successful open meetings with entertainments, which packed our doors which looks very promising for the future of our Local.

Brother Broach has been successful in arranging meetings with some of our bitterest enemies, something we have been unable to do since the lock-out, and the way things have matured they all have applications to join our organization, which I dare say these men will be members of our organization by the time this letter goes to the press. The only thing I am sorry to say is Brother Broach received a telegram to leave us and ordered to Des Moines, Iowa, at once, on account of a strike and as he is very familiar with the conditions there, he is the best man fitted for the job. But I will assure the brothers that Brother Broach will return to Buffalo in the course of ten days or two weeks to continue the good work he has started, as we will need his co-operation to complete his undertakings.

I will state we had with us at our smoker and entertainment last night Brother Martin Joyce, Brother Broach and International Vice-President Bugniazet, who addressed our Brother members and fellow workers. Will state after they addressed the audience, we went among them and secured numerous applications. We had good union music and plenty of Jazz, plenty to eat and drink, cabaret singing, and wrestling by Brothers Barn, Grambou, Stone and Batt, and also a boxing bout between Fighting Zunner and Knockout Marr, which caused much excitement. I

also wish to say the entertainment committee neglected to complete the part of work, as they failed to have the waitresses of their union in attendance, as they are on a strike and we had them in our employ at the previous entertainment, and some of the boys were disappointed without their presence.

Now just a line on our conditions here. I will say there isn't very much doing at this time of writing. Most of the boys are working the final testing field of the American Acceptance Park for Aeroplane testing has started and there are about thirty men on it. Brother Barn is the general foreman, assisted by pushers Pelligrim and Mallard. There are a number of our members working out of town in the shipyard vicinities, many of them are returning home as it is getting very hot where they have been working. Brothers Thompson and Magwood are teaching at the Government Electrical school.

Brother Fisher, our hustling business agent is inclined to give up his position and return to handling the tools, but the organization has refused his resignation on several occasions. Its strange how one longs to get back to handling the tools after being away from them for a few years, the same as a fellow longs for the gay white way and the bright lights.

I also wish to state we expect to have a few members of our sister locals visit us at our next meeting as they convene here for their convention.

Well, brothers, as I can not think of very much more before I close, I wish to state in my next writing. I want to say at least I hope I can, that we have our town all cleaned up and are one hundred per cent organized.

Also wish to state we hope C. P. Ford will return Brother Broach to Buffalo as soon as his western mission is settled, as Buffalo needs his services very badly as we have a large Industrial field here for him to clean up not alone the Inside men.

Well, Brothers, I will close for now as this is only one of the many letters I have to write at this sitting. I thank you.

Faternally yours,
George M. Willax.

A word to let the Brothers know Local 41 is still on the map, with Brothers enlisting and being drafted to oust that damable rat (Kaiser Bill). We have about sixty-five enlisted or drafted Brothers, the rest of the Local are backing them up with War Saving or Thrift Stamps also Liberty Bonds. Local 41 has been equally busy organizing and feel the International office has selected a very capable organizer in Brother H. H. Broach. Brother H. H. Broach has been doing wonderful, having thirty-five new members at last week's smoker, and promises to have the same number this meeting. Local 41 also wishes that Brother Roach's stay in Buffalo won't be short as Buffalo needs awakening, it's been sleeping long enough. Brother Broach gave the Brother a splendid talk on Democracy and Patriotism. After meeting, a collection was taken up to help the striking waitresses and a handsome sum was the result. Knowing no more at present, and in hopes to get this in the following issue.

Thought I would drop you a few lines to let you know that we are still doing business the same as usual. About a handful

of members appear every meeting night. It seems that the fine proposition hasn't had any effect on some of the brother's or the Local is too easy in letting them get by. So wake up brother's and don't let them slip it over on you with excuses. That is always the cry of the card man. Brother "Beno Ping" was with us a few days. He dropped in from Nitro, W. Va. We are still after the Bell Telephone Co. Are waiting now until Cottrell, Business Agent for the Trades Council gets back from Washington as he is on the Government Labor Board. Before we take any definite action we must organize the unorganized.

Opponents of organized labor have done everything possible to bring it into disrepute and destroy it as an influence to society.

They have revoked the courts to declare it illegal.

They have utilized the troops and police to intimidate it and make it a social outlaw.

They have subsidized the press to libel and misrepresent it.

They have hypnotized the pulpit to distract the workers with false statement.

There is little left for them to undertake in their efforts to annihilation of the labor movement.

Yet organized labor is stronger and more active today than ever before.

The great task of the organized workers right now is not apologetic or defensive. It is aggressive. It is to awaken the unorganized workers to the necessity and advantage of getting into the ranks of organized labor at once.

There is no longer any doubt in the minds of the intelligent workers that labor organizations are absolutely necessary under existing economic conditions.

The trouble that the workers are not sufficiently alert in organizing and exerting and extending their organized influence.

They must have a complete consciousness of the fact that they need not look to any influence outside of themselves to carry on the work of organization.

Few employers have yet reached the stage wherein they are eager to have their employees organize. Their employer would be regarded as a curiosity in the average community.

The majority of employers are opposed to their employees organizing.

This is only natural under existing conditions and ideals of business. There is no use in looking towards the employer to take the initiative in or even encourage in any way the organization of workers. If labor is to be encouraged it must be the result of the activities of the workers themselves. Let that be distinctly understood.

Now, organized labor is not a holdup, it is a business proposition with a lot of fraternal in it. Organized labor is the keynote of today. It is the practical intelligence of the present day activities.

Labor unorganized is at a tremendous disadvantage. It is antiquated and incompetent. It is as much out of place to-day as the oxcart or the wooden plow.

If it were not for the labor organizations the workers would be no better than slaves. They would be absolutely at the mercy of the heartless monster of money. Their lot is none too desirable even with the existing organization.

Just think, though, what it might become if all the workers, or the great majority of them, should wake up some fine morning inspired with the spirit of organization and unite universally for mutual advantage.

That would mean the advent of an era of prosperity the world has not yet seen. It would mean that the workers would be

men with the independence and ambition and opportunity of men.

It would mean that they could control their own lives and abilities and products. It would mean the enthronement of humanity. It would mean the supremacy of the family over the commercial combine. It would mean the utilization by the worker of the fruits of his labor for the benefit of his family, and not for the pampering of the family of another who toils not.

Isn't this problem of organization worth considering carefully?

Is there any other problem that means so much to the working class?

As I did not have a letter in last month, will try and let you know what is going on in the city of the Angels. There is not very much work here at present. We still have the Edison Co. on the unfair list. We have been on the city's tail for about two months for an increase in salary, and they had the audacity to offer the Linemen the measley sum of 25 cents a day increase, which would make them \$4.75 per day, but we were not Jelly Fish enough to accept it. Well, we did accept it and went right back after more with the result that the Board of Public Service Commissioners gave us a hearing, and as a result of the hearing we gained another 25 cents a day increase making the Lineman \$5 per day with the understanding that we will get another raise September first.

I might also mention that we have been working on the employees of the Los Angeles Gas and Electric Co., and have all the Linemen and Meter men organized but four men, and we have presented them with an agreement calling for \$5.80 per day for Linemen and \$6.50 for Foreman. We don't anticipate any trouble with them as there is no Linemen to be had, and the Edison has corralled the scab market, and there is no more scabs to be had. If there is the Edison wants them.

Well Brothers as I have said before any body coming this way will get a glad hand if they have a paid-up ticket, otherwise they had better stop at the city limits.

Hoping this misses the waste basket,

As Local 74 hasn't had an article in the Worker for some time will try and get in line. We have a very satisfactory adjustment awarded us by the W. S. wage commission and think we have as good as any of the organizations which have commercial agreements and hope our national agreement committee at Washington, D. C. will meet with the same success that our wage committee has.

Local Union No. 74 has lost several Brothers in the draft and will possibly lose more in the next call, which we hope will not half to be called, but we will all go if they don't whip Kaiser Bill pretty soon.

As our Press Agent seems to be laying down on the job, will endeavor to let the

Brothers know that Local Union No. 75 is still in existence.

Work seems to be quite plentiful here at this writing. Several members have taken Travelers this spring. Some of the companies have trouble keeping men on account of the low wages they pay.

On August 4, Local Union Nos. 75 and 107 held their second annual picnic and to say it was a success would be putting it mildly. About fifty members and their families enjoyed the day together.

The committee in charge of arrangements are to be congratulated on their splendid program and refreshments served. The sports consisted of base ball, races, jumping and bathing.

Organizing seems to be on the boom here at present. The Street R. R. Employees, Motormen and Conductors organized recently with a membership of over 300, also freight handlers, book binders and others. Let the good work go on. The Furthermore City may be recognized as a union town in the near future.

As I have been appointed Press Secretary, I will tell you what is going on in Chillicothe.

Home telephone have a new agreement 50 cents per hour nine hours; time and a half all overtime, double time for Sundays and holidays four way under eight mile over eight mile fifty fifty.

The three months June, July, August, off Saturday afternoons with pay. Signed up for one year ending July 29, 1919.

Light Co. has also a new agreement 72 cents per hour, 9 hours four way, time and a half all overtime, double time Sundays and holidays, off Saturday afternoons after one o'clock with pay.

This job is rebuilding of the town. As this is a closed job.

J. P. Price, A. McKenzie, G. F. Clark, H. Bricken, C. Sharp, W. Cummings, C. A. McCorry, W. Flint, H. Straight, J. Frazier, A. Gerlach.

There is now nine brothers in the army of the Local Union No. 88.

On the 4th of July we had a patriotic parade in which all fraternal orders, all crafts of labors in which we had thirty-two electrical workers and we have a photograph taken that we would like to have published in this issue.

Not try to say too much and maybe can say more next time.

Things around here are pretty slow. The draft has put things on the bum. There are four or five Linemen working for a contractor at Camp McArthur, but the rest of us are drifting. I go north myself tomorrow, so this will be my last letter for some time, but them quine sabe. No. 97 has eight men in the service: C. A. Caldwell, Ed Cannaway, W. H. Trigg, O. S. Turner, F. S. Scales, W. W. Hancock, Ed Crawford, G. E. Clamfet. Three of the boys are "over there." Brother Cannaway has four brothers besides himself in service. Good luck to all of the bunch. Guess things will burn up here if it don't rain. We have good attendance at our meetings. No. 97 held a dance the other night and had a pretty fair time and gathered a bit of cash. Guess our sympathetic strike is history, the crafts walked out on the account of the striking street car men and put the whole thing

in Federal Medication board hands in four days. Well, I guess I had beter close.

Just a few lines from the Tri. city to let the I. B. know what is going on around here. Well, Brothers in regards to work things doesn't look very bright, but yet every one is working at present, but do not know how long it will last. We have started to take our eight Saturday afternoons off, and it almost breaks some of our dear Brothers hearts to have to lose the time, but Brothers, I wish they would make it the year around for my part.

Well Brothers, we had one of our Brothers laid up sick just about all winter and when the warm weather came around he wanted to get out and hit the ball again. He wanted some money from the Local and as our by-laws calls for one member to go good for every \$5 that is loaned, there was four of us good hearted Brothers signed the note for this said Brother Frank Young, so as to give him a T. C., and Brothers it is hard to say, but we never have heard from him since. But I have not seen any notice in the Worker that he has died or gone to France. Now Brothers, that is a very poor way to do after you have a favor done by some good hearted Brother. It only makes it hard for someone else that does need help.

Brothers, this will be all for this time.

Editor:

Since it has been some time that L. U. No. 112 has been heard from, will try and let some of the Brothers know what we are doing for the betterment of the organization. At the present time we are rejoicing over a grand success we are having in an organizing campaign that is on in Louisville at the present time. On the 15th day of July we gave a smoker and entertainment for all Electrical Workers in Louisville at the Galt house. This meeting was arranged and addressed by our worthy organizer, Bro. H. H. Broach, and was the greatest success we have ever had in this city, there being present at this meeting about three hundred electrical workers of the outside and inside men with about one-half unorganized. But after Brother Broach explained the fundamental points and benefits of the electrical worker's organization, the unorganized very quickly seen where they had made a mistake by staying out, and as a result there were two secretaries kept busy for about two hours writing out applications and again on the 17th we gave another smoker at the Moose Hall which resulted in a packed hall to hear the man who has since been hailed by the Electrical Workers of this city, as the great orator, Brother H. H. Broach.

Local Union No. 112 wishes to extend a unanimous vote of thanks to him for the good work he done for us while in Louisville.

At our last regular meeting we elected a business agent by the name of Brother J. F. Ulmer and we are sure if the rest of the Brothers will give him the support they should, he will have this city one hundred per cent organized in a short time of outside Electrical Workers.

Well Brothers while our boys in khaki are getting the Kaiser, let us get the unorganized and we will celebrate two victories at once which won't be far off.

Faternally,
H. Henderson.

L. U. NO. 120, LONDON, ONT., CAN.

Editor:

Having been elected Press Secretary, for the balance of the year, I will try and get a few words in each month. It has been a long time since Local 120 has had anything in the Worker and as this is my first attempt at this kind of a job, please excuse errors. I notice the 10th of the month is closing date and as this is the 8th, I have small hopes of seeing this in the August issue, but will give it the once over any how. Things are rather slow here at present. The Hydro Electric gave us a battle last May. It lasted one week and ended up in a tie. The Hydro commission of the city of London goes on record as being opposed to organized labor. They have repeatedly given money and conditions to non-union men and refused some to union men. However we won a few points but lost six of our best men who weren't satisfied with the money here. Brothers Bonser, Handysides and Thomas left here and went to Windsor, receiving seventy-two and one-half cents per hour in Detroit. Brother Donahue Temple went East to Toronto and are making good. Anybody wanting a good job and a living wage scale should give London a wide berth. We had our beloved Brother E. Ingles with us last meeting and he gave us some interesting talk on conditions out west. Believe me had we have had Ernie here on the first of May, the Hydro would never pulled the stunt they did. But of course Ernie being a human being couldn't be here and at Winnipeg the same time. There are no fleas on Ingles and the Hydro officials here know it. He has it all over them like a tent. Next May we intend to keep him here until our case is settled. Then it will be different. Well the Bell Telephone boys here in this city are sticking to Local 120 like glue, but would like to see a lot of the country gangs rounded up, also the inside men. I think now is our best time to prepare for a spring drive on Old Mother Bell. There is one employee of Mother Bell worth while mentioning and a good member of 120. He is too (Sam Vicary) a good sport in Sam whether at cards or races or work. He recently gave a quart of his life's blood to save a girl's life. I think her name was Johnston. The doctor said she could not live more than a week unless some one would volunteer to give her a share of their blood. Sam laid down on the table along side of her and the doctor transferred the blood successfully and now they are both happy. (I hope Sam don't see this or he may give me a black eye.)

Well boys as this is a whole lot for me the first time, I guess I had better pull the plug hoping to see some of this anyway in the next issue. I am fraternally yours,

R. McArthur, P. S.

L. U. NO. 122, GREAT FALLS, MONT.

Editor:

Local No. 122 comes to the front this month both as to the number of loyal fighters in the Army and in the organized labor movement, in fact the electrical workers of the entire state are well represented.

Our service flag shows thirty-three stars and the labor movement shows many electrical workers at the front.

The state convention of the Metal Trades Council adjourned in the city of Anaconda on the 12th day of July. Many good resolutions were adopted and a more harmonious spirit among the crafts never prevailed.

The Electrical Workers were well and ably represented by Leo Daly and W. F. Dunn of Butte and M. L. McCarthy of Great Falls.

Brother Dunn was forced to leave before the convention adjourned due to the fact that he was subpoenaed as a witness in the cases of the workers now on trial in the city of Chicago.

The convention in the city of Anaconda was a success from every view point. It was opened by an address of welcome from the Mayor who was formerly a Metal Trades Crafts man, and he turned the keys to the city over to the Metal Trades Councils and suspended the traffic regulations in their behalf.

Any one driving an automobile and wearing a convention badge could pull her wide open anywhere in the city. The chief of police and the fire chief both carry cards in the A. F. of L., which was a blessing to many of the members.

The entertainment committee fulfilled their offices as no one else could do, and the trip through the scenic beauties of this section of the state to Georgetown Lake was enjoyed by all. All electrical workers answered present at the banquet table and a good time was enjoyed.

Resolutions were adopted at the State Convention, condemning the actions of the boards supposed to act in behalf of labor on the high cost of living, demanding that we be represented on all Fuel and Food boards, requesting the Government to investigate the very inadequate comparison of wages and living in the state, going on record for eight dollars per eight hour shift, with double time for all overtime. Backing the president in his noble attitude for true democracy, and requesting the release of Brother Thos. Mooney.

Brother Edwin Young of the Mill and Smettermen has been promoted to the good and welfare office and is very deserving of the promotion. There is probably not a soldier in Kaisers ranks that has stood at his post as Brother Young has, being in continuous faithful service of the one company twenty-eight years and finally breaking down and falling in his tracks, and we are glad that he has at least received some little consideration for his services.

Crops are poor in the State of Montana at the present time and the unorganized farmers flock in to the city like sheep to work. They are a detriment to the mechanic, many of them taking the place of strikers and it is a pleasure to note that the organized farmer and the organized laborers of this state have sworn allegiance to each other.

Brother Guy A. Fletcher after being in our midst for four years, has been forced to leave for a lower altitude on account of his wife's health. Brother Fletcher is an old timer in the labor movement and we sincerely hope he meets with success in his new location, where ever it may be.

The State now boasts a real labor paper that the corporate interests do not edit, and it is growing so rapidly that we are forced to change from a weekly to a daily, and any one wanting the true labor news of the State should subscribe to the Butte Bulletin.

We are pleased to note the attitude of new superintendent at the Smelter, Mr. Albert Wiggin, who, since he has taken control of this plant, has ordered the old concentrator building and all other long abandoned buildings torn down and the wood derived therefrom delivered to the poor, in order to cooperate in the movement for the conservation of coal.

Brother P. L. Reeves, better known as Society Red, the third rail artist, and a well known character from the Atlantic to the Pacific has once more succumbed to

the itching feet of the dyed in the wool boomer, and is spending a three month's vacation in his old home at Atlanta, Ga.

Local No. 122 is loyal to the President and the country, as is well shown by the fact that at any time the funds of the local exceed \$500.00 we purchase \$50.00 worth of War Saving Stamps, and this in addition to each member contributing one-half hour pay each week to our war chest. We all realize that with organized labor placing their shoulders to the shell that we will win the war hands down.

Brother James B. Croll, better known as Blackie Croll, to the rank and file, and who was drafted from this city and sent to Camp Lewis, Washington, is at present at Fort Leavenworth, Kansas, where he will soon complete his studies as an Aerial Wireless operator.

Sunday evening, July 28th, a mass meeting was held in the palace theater, in behalf of Thos. Mooney, and the results far exceeded the expectations of the committee in charge.

This meeting was held in one of the largest and most modern theater buildings in the state, and many people were turned away as even all available standing room was taken.

Sentiment ran strong in favor of Mooney and a square deal for all, regardless of creed. Many business and professional men were recognized in the audience and their enthusiasm was exceeded only by their ambition for a fair deal to Mooney and his associates.

The meeting was called to order by Brother J. Frank Kiernan, Local 122, who introduced Brother Alf. Budden of the Engineers as the acting chairman of the evening.

Brother Budden made a short address receiving round after round of applause. The first speaker of the evening introduced was Brother Leo Daly of Local 65, Butte, Montana, who in a very able and forceful manner described the entire Mooney case and the rotten methods by which it was conducted. He was forced to pause from time to time until the thunderous applause of his audience ceased.

Brother Daley was followed by Miss O'Neil labor's representative on the Good Government League of Butte, who drew attention to the fact that it was not Bro. Mooney who was on trial but that it was the entire organized labor movement of the world.

Congresswoman Jeanett Rankin was then introduced and if the capitalistic class were set at ease by the very masterful were in doubt as to where she stood they way that she defended Mooney and his co-defendants, and also by the way she proved that she was with the people who toil and not with the profiteers.

The entire city is talking about the Mooney case this morning and the resolutions adopted by a unanimous rising vote at last night's meeting, which are as follows (See enclosed copy).

All services were donated except the musicians from whom a ten piece orchestra was hired, and who dispensed excellent music during the evening.

Any one desiring correct information on the labor questions of this state should correspond with the officers recently elected at Anaconda convention and who are as follows:

President—James F. O'Brien, Butte, Montana.

Secretary-Treasurer, C. O. Edwards, P. O. Box 1702, Great Falls.

Vice President and executive Board members—W. P. Connell, C. M. Christenson, Anaconda.

Wm. F. Funn, Chas Bulware, Butte.
Geo. Castleman, Wm. Davis, Great Falls.
Respectfully yours,

M. L. McCarthy,
Press Secretary.

Greetings:

Whereas, We believe that you have, through your untiring efforts, and by the aid of the Industrial Relations committee (appointed by you to investigate); been instrumental in inducing the Governor of the State of California to stay sentences in the cases of Thos. J. Mooney and co-defendants; be it

Resolved, That we, a mass meeting of American Citizens, in joint meeting assembled to discuss the cases of said Thos. Mooney and co-defendants; do hereby go on record as commending you and thanking you for your efforts and the results obtained in behalf of the people; and be it further

Resolved, That we request you, as a War Emergency Measure, to continue your good offices to the end that Justice will be assured by taking the case of these defendants out of the jurisdiction and hands of the California Courts and placing them directly in the Federal Courts; and be it further

Resolved, That we believe that Justice like charity should begin at home, and while we do not wish to hamper you in your great world wide work, by introducing our local troubles before you, yet, the International cognizance taken of this case places it as an issue of fundamental justice and importance, which constitute the very foundation of our republic, and for this reason we do not hesitate to ask your continued activity and co-operation until these cases have been adjudicated either by complete exoneration or unquestionable conviction.

There is not much to write about here but in spite of the dry and hot weather we are knocking slowly along. We have not had a rain here since the 19th of June and this being a dry state every one is about dried up. Linemen are as scarce as hens' teeth around this neck of the woods. There has not been a boomer through here for months. Well I guess there are lots better inducements than coming to this hole. Brother Slick Gallion was with us last meeting. He is selling monkey grip tire patch down in dear old Georgia and seems to be doing fine. Brother Bozart is also back with us again after a four months stay in the West. Brother F. M. Rucker returned a few days ago after an extended tour through the West via side door pullman. He camped a month or so on the Dupont job at Nashville. We are going after the Bell boys in a few days. Now is the opportunity time to get them. We are going after the operators also. Well I guess this is about all I have on my mind this time.

Fraternally,

Editor:

It has been a long time since 159 of Madison has appeared in the Worker. But we are coming now and regular hereafter.

We have just settled our strike for inside wiremen at 70 cents per hour. We were out four days. The shortness was due to the excellent work of Organizer F. J. Slattery who was assigned to our difficulty. He sure helped 159 get the goods.

We had a little trouble with Fings but we out done them and then the pie was cut. Believe me we are a hard boiled bunch now. We are going to show ourselves to the world.

Brother Schiek, chairman of strike committee, must be given due credit as well as the rest of the committee, who are union men through and through. They devoted all their time to the cause and success is due to them, also Bro. Wm. Broome (Hard Boiled Bill) who always is out to help a brother.

Just after we declared strike a motion was entertained to this effect. Resolved, That all men who are on a strike will offer their services to the Government, free of charge, if necessary, should the Government need electricians on Government work here at Madison, which won favor with all the people here. About sixteen inside men were affected.

I also wish to state that our local and others here are on record for Tom Mooney and are doing a lot to help our fellow Trade Unionist.

The Madison Gas & Electric Co. who are wanting linemen are unfair and all linemen are notified to stay away. The men have been on a strike at the Madison Gas & Electric Co. since November and want all linemen to spread the dope.

Our shop electricians will be taken care of as the U. S. Government man, J. J. Barrett is here and things are coming to a close. We held election of officers last night, a list of which is as follows:

President—Wm. Brome, 20 N. Patterson Street.

Vice President—W. C. Fielman, reelected. Financial Secretary—Fred E. Gratz, 1208 W. Johnson.

Recording Secretary—H. A. Fielman, reelected, 217 N. Hamilton.

First Inspector—H. G. Hart.

Second Inspector—Jene Ward.

Foreman—H. Hoffin.

Treasurer—J. Sperial, re-elected.

This is my first attempt to write for the Worker so excuse poor management of dope. With the best from Local 159, Madison, Wisconsin, I remain

H. A. Fielman,
Press Secretary.

Local No. 182, I. B. E. W. has one of the best all round souls alive and we have nicknamed him the bull and this is what happened on his way home from work.

"Secret Service" Gents Lets Wrong Man Into Service.

It couldn't have been the heat, for it was cool last night, but Arthur Griffith, a traveling salesman, who is a guest of the Morrison hotel, imagined himself a secret service agent and stopped pedestrians at Clark and Madison Streets to inquire into their Americanism. Edward Curran, bridge tender at Van Buren street, came along and was halted by Griffith.

After examining Curran's hat Griffith said: "Take off your shoes; you've got documents concealed on you."

"Who are you?" asked Curran.

"Secret service," whispered Griffith. "Sh-h-h."

"Show me," demanded the bridge tender.

Griffith threw back his coat as if to show a star, but he had none.

The bridge tender had one on his suspender. He showed it to Griffith and then dragged him to a patrol box.

Moral when you tackle the bull look out for the electric bull.

L. U. NO. 188, CHARLESTON, S. C.

Editor:

It is time for me to once more get a letter started for the Journal, so here goes. We are all enjoying life and working every day, not much new work, but all kinds of repair work to maintain on lines in first class working order. The work at North Charleston is getting along in very good shape. They are now paying 70 cents per hour. Bro. Sanderfer is foreman in charge of all outside work, and he is right on the job when a man goes to work out there, to see if he has a card, and if not, Brother Sanderfer is on the job to see that he hits the road to No. 188. Hall on Meeting and Wolf Streets, with an application, and he has quite a number in out of the wet. We have Brother Coppland in from Nashville, Tenn., with a traveler. He is an old bug at line work. He has been hiking poles so long, that when he walks you would think he was dancing the Highland fling, but outside of that walk, he is an O. K. Brother. We had to make a change in our treasurer, owing to Brother Edwards being called in the service. So we elected Brother H. G. Brm as treasurer, and let me tell you Brothers, he is as happy as Mrs. Murphy's cat was when she had kittens. He sleeps with a larger pillow under his head now as he takes his books home and sleeps with them under his pillow. He is a firm believer in safety first and I think it is a good way to believe. We are going to take our worthy president off the service truck. He is getting so bad that when he walks out at night he has his arms out in front of him moving in a circular motion. The Tin Lizzie he drives causes him so much trouble driving it that he thinks he is at the wheel when he is walking. If any Brothers know of a good hard soap that will wash clean, please send it to Brother Sehnmees as he wants some. If any of the Brothers up state see a cloud of dust looming up through the road, I beg of you not to shoot as it is not a German Submarine on wheels, only Brother Sam Hutson in his new Overland, so have pity Brothers.

Here it is time for another letter, and it seems only yesterday that I sent the last one. The fact of the matter is we have all been so busy thinking and wondering about our raise so much, we haven't noticed how fast the time has gone.

Since my last letter, we have had only one meeting, so I haven't much to write about. Only we had the good fortune of initiating twenty new members. We also have our by-laws well under way and with the kind assistance of Brother Clyde Housh, President of Local No. 22, we expect one of the best of locals before long. Here is a list of the brothers' names who have gone from Local No. 205 to fight for Uncle Sam and Democracy: W. E. Bumpas, Ed. H. Barnes, Henry Ferryman, Henry

P. Haze, Wm. Stallard, F. C. Stelling, Samuel Ford, W. R. Farley, August H. Miller, Wm. Dell Bowser, A. C. Morton, Albin Nelson, Walter M. Vaughan, Arthur Rosenbal, Chas. O. Bugbee.

I would like to have them put on the honor roll. We have only one member on the sick list this month. Grace Stephens had a severe attack of Ptomaine poison, but is back on the job again, as foxy as ever.

We wish to thank Local No. 22 for their invitation to march with them in the Labor Day parade. I wish to say we have accepted it and will all be there with Bells on.

Well boys I must quit with best wishes for all, fraternally

L. U. NO. 292, MINNEAPOLIS, MINN.

Editor:

The electrical delegations from Locals 292, Minneapolis, 110 St. Paul, and No. 31 of Duluth, returned from the State Federation convention held at Virginia, on the Mesaba Range with a bushel basket, said basket was not empty either.

The writer represented the Building Trades Council, so feels at liberty to tell of the conscientious manner in which the delegates from the Tri cities fulfilled their duties to the Locals which they represented.

Things took their routine course the first two days as there were no elections at this convention. Then on the third and last day when the Committees began to nonconcur in the resolutions, they came to resolutions No. 55 and 56, introduced by Local 292, and backed by the progressive element of the convention.

No Committee report had been over-ridden up to this time, when the wire grabbers started the 550 volt D. C. playing on the rails, our resolutions were aimed at the Kaiser, Autocracy, Indifference, Intolerance, both State and International.

When the verbal smoke had cleared we had paved the way for the famous resolution, which the Kept Press reported put the Minnesota Federation into politics, but which really took it out of Gang controlled party politics and aligned it with non-partisan workers politics where it belongs, much to the displeasure of the Steel Trust.

The result of our local election last held was as follows:

President—H. G. Bang, unanimous.

Vice-President—Edward Lawrence, unanimous.

Recording Secretary—Fred Lestico, unanimous.

Financial Secretary and Treasurer—Guy Alexander, elected.

Trustee—Paul Jeffries, elected.

Trustee—Herman Leveranz, unanimous.

1st Inspector—Wm. Caffery, elected.

2nd Inspector, Jack Slack, elected.

Foreman, Ira Miller, unanimous.

Executive Board, elected, Paul Jeffries, chairman; Louis Anderson, Guy Alexander, H. G. Bang, Carl Velin.

Reading Clerk, Fred Lestico, unanimous.

Press Secretary, H. G. Bang.

Examining Board, elected, Paul Jeffries, Pete Johnson, Edward Ackerman, Wm. Pepper. One vacancy to be filled.

Delegates to Trades and Labor Assembly and Building Trades Council, Wm. E. Fish, appointed.

Brother Couver of Local 292 with the assistance of Charles Anderson, B. A. and Organizer Boulet of the railroad machinists has succeeded in organizing the railroad electricians into an integral part of Local 292.

Brother Couver himself a railroad man, is more than 21 years of old age and has a "Coop" on his shoulders, and has carried a card on the road for years when he didn't need to, that is to hold his job. But

he has dreamed and agitated organization of the craft on the different systems until now with Federal control and a wage increase granted by the government, the railroad men stepped right into a good proposition, better than we of the Building Trades enjoys as far as steady work is concerned.

The railroad electricians meet the first and third Tuesdays of the month at our office and also meet with the Local.

The organization covers the following systems: Great Northern, Northern Pacific, "Soo" Line, Minneapolis & St. Louis, Chicago Great Western.

The Milwaukee and Rock Island roads belong to other jurisdictions.

At the last meeting Brother Couver was made chairman and Charles Anderson Secretary, in honor of the work accomplished. Organizer Boulet of the Machinists gained the consent of Machinists International, and Charles Anderson gained the consent of Chas. P. Ford to the establishment of this new "System Federation."

Some of these workers travel all over their respective systems, so you can see what great missionaries they can be. Brothers Ernie Schultz and Conrad Risch were taken to Norfolk, Va., by a government contractor, all expenses paid, so they struck it pretty soft. We understand it's a big job, good pay and lots of overtime.

The boys who went to Baltimore didn't land a government job, so they financed themselves up to Trenton, N. J., and found a "Powder House" to wire.

Brothers Henry Gable and Ray Barnard found a job at Annapolis, Ind., but complain there is no overtime in it, and want to know where they should go from there. Better come home boys and register and we'll all go to France. What do you say?

There isn't much in it except a bare living for a married man to leave his family in Minneapolis and go East and not get on a good overtime job. St. Louis, Mo. will have a big shell factory soon and while they have lots of men in the east there will be room for a few northwest men, and that is close to home.

The government has taken control of the new Armour Packing Plant at South St. Paul and Local 110 can use quite a few men. The War Labor Board set a scale of \$5.90 per eight hours. Overtime and allowance for traveling time out of St. Paul. This is two and one-half years work they estimate for 100 men, and the plant must be killing cattle by next June 1st. Work is picking up around these parts, mostly war factory remodeling, etc.

About fifty men are now in the army and more going, and we have a few Canadians among us who are now given 60 days to either enlist in army or be drafted, no exemptions. Brothers Cook, Chase, Pete Johnson and Prawl are Army Electrical Instructors at the U. of M. Training Detachment, and Fred Dustin is Chief Instructor.

We have a Army Flying Field now and the machines go over the city regular, which has inspired the Home Guard to start an Aero squad, and I suggest they be equipped with Hot Air Balloons, said air to be supplied by the three daily papers.

Fraternally yours,
H. G. Bang.

L. U. NO. 307, CUMBERLAND, MD.

Editor:

Every once in awhile particularly after some branch of our local has been benefited in some way or other, we have been benefited this time and so I am going to have something to say for the C. & P. Telephone Boys of Cumberland Local 307.

Some three weeks ago we started negotiation with the C. & P. Telephone Co. for

an increase in wages and we asked for sixty cents per hour and 40 cents for helpers and an equal increase for all other branches of the craft. The linemen had been receiving 45 cents and helpers 32 cents. Well as the community proceeded to warm up, the company began to climb the Golden Stairs, finally reaching the sum of 52 cents which they said was the highest price and finally then we proceeded in a business like manner to send out a S-O-S to the Secretary, and thanks to their International Officers. Representative E. F. Kloter was sent to our rescue and I want to say right here that he is the saviour of 307, as two years ago he brought new life to this local and as it had been about dead for two or three years and last year he helped us in getting our wages raised. He also got a closed shop agreement with the Edison Light & Power Co., and it provided for an increase this year, so believe me when I say he has the sincere thanks of the whole Local of 307.

Well just as soon as Brother Kloter got on the job and the company heard of it—bang—and the golden stairs were in use again to the tune of 56 and they said again that is final but lo and behold as the committee asked for another conference with out representative and committee before the co-official representatives and they grunted and when they saw who the representative was they called the conference off in a very bad temper, but as we had arranged for a special meeting for this night, we the committee and members came to the rescue and passed a resolution that the company would do business with our representative and committee or they would not do any business at all in Cumberland. Notwithstanding the fact that Brother Kloter said not to let him stand in the way of a settlement. Well to make a long story short, after two day's of negotiation with Bro. Kloter and the committee and the official of the company, the following schedule was arranged:

Foreman	\$26.50	\$33.00
	Per hr.	Per hr.
Compensation52	.60
Cable Splicers54	.65
Cable Splicer Helper32	.40
Lineman45	.58
Linemen Helper32	.40
Installer	31-38	.45
P. B. X.	47	.58

In addition to this all low paid linemen are to be raised to the 58 cent rate and hereafter none but first class linemen hired at 58 cents, and recognition of I. B. E. W. and Local 307 is the principal feature of the bottle and we gained that too, so on the whole, although we didn't get what we asked for, we got everything but two cents for linemen and we are well satisfied with the results as a whole and in behalf of the members of 307, I want to extend their and the committee's thanks to the officers of the International for their prompt action in sending Brother Kloter to our assistance and wish to assure him that he is always welcome with his smiling face at the doors of No. 307. I guess I have taken up too much time, so I will get off the wire and give someone else a chance.

Fraternally yours,

J. R. Willison,

Chairman of Committee.

L. U. No. 288, Cumberland, Md.

L. U. NO. 313, WILMINGTON, DEL.

Editor:

The following is not inserted with the intention of causing any sudden deaths in the Brotherhood, but I feel that it is such a long time since L. U. No. 313 had an

article in the Worker, possibly some of the members might drop dead, however we are so well pleased with things in general in this neck of the woods that we feel that you should never keep a good thing to yourself but should tell others.

At the recent election it fell to my lot to be elected Press Secretary, so I trust this first edition will be followed by others and that I will have an article of some kind in every month, so for the first installment I will try to tell you how things in general are going along here in the Historic City of Wilmington.

Unfortunately we were going along here in a desultory way until recently, then realizing there was an opportunity for us we tried to better our conditions and increase our wages. We saw too that there was an opportunity to organize some of the men in this locality and we then sent to the I. O. asking for an Organizer which they sent us soon as they could.

Organizer Kloter was sent to us and working in conjunction with the officers and the business agent of the Local, has brought about some very pleasing changes for us for the membership has been materially increased and he has organized men working for some of the worst opponents of Organized Labor and very successful in getting signed agreements from most of the contractors here, with a new wage scale of 70 cents an hour, improved working conditions, and double time for overtime, and along with this has Organized men in the ship yards, the General Chemical Co., the Dupont Co. and we can say that there isn't very many more non-union men in this vicinity.

One of our sister locals overstepped their authority in coming into our territory and organizing some men in one of the ship yards here, but we have fought this with the assistance of organizer Kloter, and we must say that the I. O. has stood behind us in seeing that the constitution be lived up to, so we hope in the very near future that this local will obey their instructions and play the game fairly and as Union men.

Conditions here are very good at present and there is very good prospects ahead as there is all kinds of work around here, with prospects for much more work in the near future. Our business agent is kept busy and we always extend the hand of fellowship to any of our traveling brothers, but we want it understood that our business agent is handling conditions for us and if there is any of the brothers that expect to come here and dictate to us, what we should do, the best thing to do is not step off here as we are going to try to handle our affairs as we feel is for the best interest of our members and will govern ourselves according to our home conditions.

On the 12th, at our meeting, Vice President Bugnizet honored the local with a visit to settle the controversy with the other local. Organizer Kloter was also present as he had told us that he would not consider his work here finished until a decision was rendered regarding our jurisdiction. Our members have been benefited materially by the advice that Brother Kloter has given and when he arose to tell us goodbye the room was unusually quiet, although he has always made the members take notice and its a real pleasure to have him conduct the initiation as he impresses every word not only on the applicants, but on the membership at large.

Well after he told us that he hoped that the local would live up to the provisions he made the contractor, and that we would conduct our affairs as they should be in the future, our President not only surprised Organizer Kloter but some of our members as well when in a neat little

speech telling Organizer Kloter how the officers and members appreciated his work, while with us and the patience he had displayed, he presented Organizer Kloter with a very handsome gold watch and chain, that the members had purchased for him and its inscribed presented to O. F. K. by Local Union 313.

For once Kloter lost his gift forgot however he did reply thanking the members for their gift, and telling them that he would always cherish it as a gift of good will from Local No. 313, and that our thoughtfulness would be an incentive to work harder for all other locals in the future. After this the meeting closed with everybody happy for Kloter don't choose any favorites. He treats all alike and nothing get him sore. This is all for now and if I have taken up too much space it's been for a good cause for we wish to show our appreciation of what the International Officers have done for us, as they treat the small as well as the large locals, with due consideration, so until my next spasm, I am

Fraternally yours,

W. H. Stouhoun,
Press Secretary.

L. U. NO. 323, W. PALM BEACH, FLA.

Editor:

Why yes of course Local No. 323 is still living and not only doing business on the old scale but on a real "1918 Scale" as well. With a nice little raise to 75 cents per hour with time and one-half for overtime, and double time for Sundays.

W. Palm Beach is not at all overrun with work at present but we are getting our share and expect a big boom this fall and winter.

Building material is holding us back a little but expect to overcome that difficulty O. K.

We are having two meetings per month and the time is well spent with a good attendance of loyal I. B. E. W.'s and we are getting the town one hundred per cent union with all crafts boosting.

We had a fine season last winter and were able to buy a few liberty bonds and figuring on going the limit on the fourth loan.

Our fourth brother has answered the call to the colors and if necessary all of us will be to the big electrocution of Kaiser Bill.

Well as the Worker has not been bothered with No. 323 much, it should not be hard to get space this time.

Fraternally yours.

G. A. Morgan, P. S.

L. U. NO. 333, PORTLAND, MAINE.

Editor:

I have been elected press secretary and as Local No. 333 is way down in Maine, I want to let the Brotherhood know that we are alive and doing business. We have lost a large number of our Brothers who have gone to the colors, and hope the good man above will electrocute that Bill the Kaiser and give him 38,000 volts.

We are not doing any new work just keeping our old stuff a going. The Company is not hiring any new men so we can't do any business in the line of imitations, but if we can keep things a going until this war is over and the Company begins to hire some men we will boost No. 333. We have signed an agreement with the Cumberland County Power & Light Company for one year beginning May 11th, 1918. We got a 15 per cent increase over last year and a few other changes.

I think this will do for this time with best wishes to the Brotherhood, I remain

L. U. NO. 369, LOUISVILLE, KY.

Editor:

We had Brother Broach with us about a week. He was pleased with our two open meetings. The meetings were a great success. Locals 112 and 369 held them jointly.

We have obligated quite a few new members and plenty applications to work on Brother Ulmer was elected Business Agent of 112 and I am representing 369.

The new camp at Stephen is not quite ready, but when she starts things are going to hum. Our men will be in demand. The following officers were elected: Brother Hunter Payne, Vice-Pres.; Brother Geo. March, Rec. Sec.; Brother E. Borge, Foreman.

Will try to have letters for the Worker often.

Fraternally,

L. U. NOS. 485 AND 635, ROCK ISLAND AND MOLINE, ILL., DAVENPORT, IA.

Editor:

I am again writing to the Worker as to the local conditions, also as what I think of some general conditions. I now have the pleasure of stating that the impossible has been done. The Tri City Electric Co. of Davenport, Iowa and Moline, Ill. are now on the fair list.

On Friday, Aug. 2nd, I had the pleasure of putting my name alongside of Mr. Wm. Ball and Mr. Ed. Kunkels to an agreement making a closed shop something that was thought impossible. I myself did work to see this, but if it had not been for Brother Broach and his clever ways I would not have been able to do same. Now all I can say is that I myself give all the credit to Brother Broach and my success follow him as it has in this case. Now Brothers please remember this in coming into Davenport, Rockingham and Bettendorf, Iowa, also Moline, East Moline, Silvis and Rock Island, Ill., don't forget to bring your Traveler and don't miss seeing me before trying to go to work, as it will save you time and money.

We are one hundred strong on all construction work and no shop can put you to work without first seeing me. Now this does not mean that I am a bad 'Guy' nor am I a big 'Stiff,' but only a small sawed-off and always ready to give a brother the glad hand. Work is very good for the inside men all over this district, but do not fall for the talk that lots of wiremen are wanted at the Government Island and that they are paying the scale because they are not nor are they paying overtime, and there is no Sunday work, and if there is you only get straight time.

Now Brothers let's keep on working and boost the good work along. I say there is no reason why the I. B. E. W. can not be one million in a short time. All we have to do is put our shoulder to the wheel and push things along. Remember we will have to pay for some of it and more International men are wanted on the road. To get same we will have to boost the Per Capita we are now paying, so let's all together demand that the per capita be raised to at least 50 cents. I want to hear more Brothers talk on the same subject and soon we will be able to put an army of men in the different fields that will make the old I. B. E. W. look sick. Now remember Brothers everything has gone up, all excepting our per capita, and any brother who will say it is not the right thing to do has not the right of the organization to heart, but has a selfishness

all bound up in himself. So let's cast our stingy feelings to the wind and boost for the one thing that the Brotherhood wants most.

Don't forget in the same issue is a crying need of a universal Initiation fee. How many brothers of you have traveled far and wide and been held up by some money mad Local. Now Brothers, it is time we wake up to the fact that this is the time to organize and not the time to hold the Brothers out of your district with high Initiation fees, nor is it right when you have plenty of work, more in fact than you yourself can do to call for help, and then to hold every Brother that comes your way up and take all the profit he is entitled to. We put a great big yell about the high cost of living claiming we are being held up well. We are, but are we not doing the same when we hold our brother that happens to come our way. I must say I am strong for reasonable Initiation fee and high dues and not until then will we be able to get a 100 per cent I. B. E. W. Now Brothers, come on and think this over and come on out with what you think about this. Hoping some more of the Brotherhood think the same, and we will be able to put this over some day, I am as ever, yours for a bigger and better I. B. E. W. every year.

H. D. Smith,
Business Agent Locals 485 and 635.

L. U. NO. 584, TULSA, OKLA.

Editor:

The writer has again been chosen to represent the interests of Local Union No. 584 in the official Journal, so I will have something to say, however feeble, in each issue unless I get sick from the smell of ink, as some of our press secretaries undoubtedly have in the past. However, if you should see nothing more from me you will know that I have injured the tender sensibilities of some of the brothers, and have been fired, as I do not intend to resign. I believe the Worker will find its way into the trenches or cantonments and a letter from the home local will be eagerly sought by the boys of our brotherhood there who can in his way keep up with progress of events at home.

Our Local here is well represented in the service, as we have at this writing about thirty-six members wearing the uniform in the different branches of the service, and I expect to see on the walls of our room at some time in the future one of the Kaiser's uniforms hanging as a relic brought back by one of our members from the "unpleasantness" over there.

Brother W. H. Wox was home on a furlough the first of August for a few days. He is looking fine and says there is nothing between him and the Kaiser now, but space, and he expects to see that shortened considerably in the very near future.

Business has quieted down some in Tulsa, due principally to the war situation, and the shortage of labor and building material. Some of our members have gone out in the past week to ship yards and munition plants. Brother C. W. Madsen, one of our oldest members, and Brothers Ed and Arthur Young being among those who have gone. We can assure any locals getting these members that they will always find them on the floor fighting for the rights of Union labor.

I received the appointment of Press Secretary on rather short notice, and this will be about all I will have time to worry through with at this time. So with best wishes for the continued prosperity of the Brotherhood, and good luck to all Electrical Workers in the service, I will close.

Fraternally,
S. A. King.

L. U. NO. 601, CHAMPAIGN AND URBANA.

Editor:

I think that it is about time that we let the Brotherhood know that L. U. No. 601 is still in the ring.

On May 1st, 1918, the members of our Local were forced to strike to enforce a new wage scale agreement. To date we have six union shops and two that are unfair to our craft. Our Local has been most fortunate in their trouble by having the full support of the B. T. C. with ten affiliated trades, and the Federation of Labor with 23 affiliated trades. On the first day of the strike the Business Agent of the B. T. C. was made a part of our Committee and has given us his time and the support of his office.

It will perhaps be a surprise to the membership of the Brotherhood to know that this little Local of only twenty-one members is entering on the fourth month of its strike, and to date has only lost one member and has never asked for one cent of financial aid. Here is the secret of our success. During times of peace we have prepared for war. We have established a strike benefit fund within our Local and during our strike have been able to pay a benefit equal to \$10 per week to members who were unfortunate enough to be out of work.

Brothers, enough can not be said on the subject of a strike benefit fund. We have tried it out and the only fault we find is that it is not an International fund so that the entire Brotherhood might share its benefits.

General Organizer Brother Jos. Lyons has made many friends through his untiring efforts in the behalf of our Local in our difficulty, and we are always glad to have him among us. At our last meeting we lost the good services of our able Business Agent, Bro. J. C. Adams. Brother Adams has had charge of our strike since the second week and it is through his efforts that we have six signed shops and the university of Illinois paying us at the scale of 75c per hour. Work in our jurisdiction is scarce, but the boys are all managing to get in some time.

Before I close I will have to say a word about our boys in the army and navy. At the outbreak of the war we had a membership of forty-one, but now twenty of our Brothers are in Uncle Sam's army and navy. But while these boys are "fighting to make the world a decent place to live in" we boys at home are fighting (striking) to make the Twin Cities a decent place to work in.

I might be able to ramble on in fashion for the rest of the night, but as this is my first letter to the Brotherhood, I expect that I had best close and give some one else a chance.

Hoping that Brother Ford will not be too harsh with one for the space I have taken up, I beg to remain,

Fraternally,

R. E. Kuster, R. S.

Editor:

Four weeks ago we (five of us old members) got together and decided that Local Union No. 384 had been dead long enough, so we started on the war path. At our last meeting we had a total of twenty-three members on the roll. In fact all Electrical Workers in Muskogee, with the exception of Mother Bell, are in Local Union No. 384. Plenty of work and everybody busy.

We are preparing a new scale and some better working conditions here, and hope to get the companies to sign up in the

near future. Two of our members have been called to the colors so far.

At the regular election of officers Tuesday, July 30, the following officers were elected:

President—W. A. Farrar.
Vice-President—L. O. Hunt.
Recording Secretary—H. C. Ellis, 1326 Walnut street.

Financial Secretary—A. F. Thomas.
Treasurer—C. E. Heck.

We would like you to furnish us with a service card for the following members:

Walter Sahhauder, W. S. Dyar.

I beg to remain

Fraternally yours,

I see the "Hand writing on the wall". The business interests also see the hand writing on the wall. If I interpret the hand writing correctly, it says "that the laboring class is slowly but surely coming into its own."

The business interests, juggle the hand writing, as they may, can get no other translation. It is inevitable. They must acquiesce, but they won't do it cheerfully or easily. They resort to inconceivable methods, even to defying and breaking federal and moral laws. We must organize and thoroughly too. We also must educate ourselves, particularly along political and economic lines. What good will it do for us to gain anything if we do not educate ourselves, so that we may be able to intelligently cope with any new problems or responsibilities that may come to us? How could you expect to pilot a ship from Duluth to Buffalo unless you had some knowledge of navigation? I think you would run up on Sugar Island and have a piece of woods to go through. MOONEY DAY, MASS MEETING.

Sault Ste Marie, Michigan.

A very successful meeting was held in the City Hall Park under the auspices of the Trades and Labor Council. There was a very large and interested audience. John Hess of the Federal Labor Union in the chair. The first speaker was the Mayor, Mark Tymon who spoke very sympathetically on Tom Mooney's behalf, also congratulated the unions on their efforts to secure Tom Mooney's release. G. S. Westcott, City Treasurer, (Musician Union) gave a very interesting, rousing and fighting speech on the brotherhood of man, emphasizing the efforts of Mooney to educate himself to help the raise the status of labor, how his efforts had been so successful, he had incurred the displeasure of the monied autocracy of San Francisco, going on to show that labor everywhere should take the lesson to heart, educate themselves, use the ballot and take over the reigns of government for themselves.

D. W. Parnell, (Electricians Union) Candidate for County Treasurer, spoke on the Mooney case from the angle of his own experience as Military officer in the strike of copper miners in Upper Michigan in 1913. This speech made quite a sensation, having been on the U. S. regulars for years, traveled all over the world, had run up against pretty rotten condition, but for rank injustice and rottenness of modern capitalism, had to come home to find the worst. He was in command of part of the 2760 State troops ordered out by Governor Ferris without even an investigation. How these troops were used by the copper barons for their own ends, and when nothing in the way of trouble transpired the Copper Companies sent out

for 300 Waddell gunmen. Within three days these men started indiscriminate murder of which the speaker was an eye-witness, etc., which with the Colorado massacre under the auspices of the Sunday School teacher fixed indelibly in his mind that the workers would have to rely entirely on themselves to obtain universal brotherhood. The Mooney case was a clear attempt at railroadng. Our boys are fighting Autocracy in Europe and we must fight for our very existence against the Autocracy at home.

City Commissioners Larmonth followed with a legal study of the Mooney case, very lucid, and showed that a fresh trial must be granted even if the California State Laws had to be altered.

I. U. NO. 697, LAKE COUNTY, IND.

Editor:

As it is late for this month, I will make my letter brief, as I have not got much to say anyway, for to tell the truth I have been so busy for the past few weeks that I have not had time to think, so if my letter is of a rambling nature, just take it for what it is worth, and consider the high pressure I have been working under.

I will say that the volts and amperes have flying thick and fast around here for some time, as our largest Ordnance Job was jimmied up about two weeks ago with the result that all of our members on the job were turned loose and although most of them are working on other jobs. There are still some that are idle; and as the Business Agent of No. 697 I have been trying to place the men on new jobs as fast as possible; of course all the members of the Brotherhood know that a business agent only works twenty-five hours a day and 53 weeks a year, so we don't have much to do after the whistle blows at 4:30.

Now the Ordnance job which I mentioned is at the Standard Steel Car Works in Hammond and it seems that some individuals (higher up) were trying to do some commercial profiteering, (at least that seems to be the order that is floating around), but they are about to be caught at it, for a thorough investigation is being made by Government Officials at the present time, and we are trying to assist the Government in any way we can to get the situation cleared up, so that the essential work will be taken care of to produce the stuff that the Huns do not like to swallow.

We have been ably assisted by the I. O. and also Brother J. J. Purcell on this matter and surely appreciate same.

I wish to again inform the members of Locals No. 134, 331 and any other local that No. 697 have jurisdiction over Lake County, Indiana, and if the Brothers will not take a friendly warning, and stop violating our jurisdiction rights, they will have to suffer the consequences, as we are surely going to try to control this County according to the laws of the I. B. E. W.

I will now stop work as it is 5 p. m., and I have worked one-half hour overtime without permission from the business agent and am subject to a fine.

Yours fraternally,

J. W. W.,
P. S. and B. A. No. 697.

I. U. NO. 698, JEROME, ARIZONA.

Editor:

No doubt many of our boys would like to know how the electrical workers are coming out in the mining industries. We are one hundred per cent in this part of Arizona. No. 698 and 709 have been or-

ganized a year now. We have made some wonderful progress.

Anyone coming this way must have a paid up card to be welcomed.

Through the help of I. O. and the Department of Labor, we received a raise of 75 cents per day for all men in this vicinity (about 3500 men, crafts and miners). We did have considerable trouble in getting the raise. We sent two representatives to Washington, D. C. to go before the war industries board, as we produce about 11 million pounds of copper per month in this district. We felt we should ask our Government to take up our grievances, so as not delay the production of copper, but we found they have too much red tape and are slow to act until you show your strength on June 27. The Central Labor Union of Jerome asked that a walkout take place on July 1st, but 709 of Clarksdale with other crafts argued that one week be given so they could take a vote and also see if Mr. Hyzell Davies, Federal Mediator could not do something as we was effecting him. The companies had turned us down before we sent our two representatives to Washington. No. 698 got the wires busy to I. O., asking that some one be sent here to represent the interest of the electrical workers, so Brother G. A. Von Schrititz of Portland, Oregon was sent to help us and did good work among the men also with Federal Mediator. While we did not get all we asked, we expect to receive 20 cents more after August 15th, according to the views of Mr. Davies, in receiving the 75 cents raise. We got rents, lights, and water reduced 10 to 20 per cent. Other grievances were taken up and are now under adjustment. On July 25th, all crafts voted to walk out at 3:30 p. m. Thirty minutes before 3:30 Mr. Davies gave his decision of 75 cents above what was being paid July 1st and back pay to July 1st. All men understood the walkout was to go into effect at 3:30 p. m. and the settlement was so close to that time, that 90 per cent of the miners lost the night shift, as they go on at 4:30. So you see boys you must organize and have an International back of you to get any where, and in doing so you will help our Government to produce the necessities of war. The boys here offered to produce copper on the same pay and conditions that the boys are fighting on "over there" but not for a private owner, and he getting 26 cents per pound.

Copper use to sell at 9 cents a pound. Then wages were \$3.50 to \$4.00, now at 26 cents, they should be \$10.00 to \$12.00 per day. If this horrible war continues much longer the Government will be compelled to take over all mines, as private ownership is too greedy and will not produce metal and coal necessary to carry on the war. They will fail the same as the R. R. and the wire companies did, but let labor help hasten that day.

Our new wage scale is as follows:
Journeyman (for contractors) \$7.00;
Journeyman for miners underground, \$7.15;
Journeyman, mines surface \$6.65 linemen \$6.65; shop men \$6.65. It looks good as we work thirty days a month, but living is still awful high. An average meal cost from 80 cents to \$1.00, all else in proportion. If the I. O. and the department of labor at Washington had not helped as, we would of been compelled to leave here, as married men could not make ends meet at \$5.90 and \$6.40. After all the help we received we had to note a walkout and show our strength. So boys get all men in to your union. Ask for enough to keep you fairly decent and walk out for it if necessary.

President O. P. Gray.

SOMEWHERE IN FRANCE.

Editor:

I received the May Worker which I read with great interest. Although I have a new job, shooting Huns, instead of trouble, I still retain an interest in the I. B. E. W. I have met a few of the boys over here and during conversations with them has led me to write this letter to the Worker, with the following suggestions, which I hope every brother will give his consideration. As we have over 4000 brothers now in the service, I would suggest that the Brotherhood furnish each of us with an identification disc made in the form of a wristlet, with the Brotherhood badge, brother's name, Local and number on it, as this would be the best means of identifying one another as it is impossible to wear buttons on our uniform. I carried a monthly button until recently, when I lost it in the trenches. The War Service Card soon got disfigured owing to too much handling so you can readily see that the wristlet would be the best means of identification. I would like to see more letters in the Worker. What is the matter with the Philadelphia Locals. I guess there must be a shortage of paper in Philadelphia. I think it would be a good idea if the organizers sent in a monthly report, as they get around quite a lot and their report ought to be quite interesting. Wiremen are in great demand over here to work on Fritz's barbed wire. Our boys are confident that they can cut her no matter how hot she gets. A little advice for the Brothers who are coming over. Discard everything and load up with cigarettes, as the Government will supply all your wants, except the old dope sticks. We received an issue of makings, but not enough to supply our wants and it's nearly impossible to buy them, that is for those that are lucky enough to have the Jack. Well I guess I have held the wire long enough so I will ring off. Taking this means of thanking all for the considerations received.

Yours fraternally,
An I. B. E. W. Machine Gunner.

Respectfully submitted by
James Tinline,
Machine Gun Company,

GUARD YOUR WORK.

It's now up to our membership to tighten their hold on, the jobs coming properly under the Electrical Workers Jurisdiction in the past.

Many of our locals let things slide, because they were good fellows and wanted the workmen of another craft to have something even if they had to give it to him. But other crafts have abused their generosity to an alarming extent. One case in particular is that of the engineers. They have for the past few years been quietly slipping a man in a sub-station here, a generating station there, and on an electric crane somewhere else, and the Electrical Worker loath to hinder any man in the earning of his livelihood has let it go on. Lately however Mr. Engineer seeing a chance to land the big money in the shipyards, came out boldly for all operating of any kind in the shipyards.

Our protest on this to the American Federation of Labor Convention brought out the fact (after a month of dodging and sidestepping the issue by the engineer) that Mr. Engineer now claims jurisdiction over all driven machinery and the driving power thereof.

Mr. Engineer wants to operate every electric crane, all power houses, all sub-stations, all steam driven machines of every kind and all water power plants, in

fact all power is the modest claim of the Engineer.

We want to live in harmony with all our neighbors, but there is a limit to some things including our patience, and now since the mask has been cast aside the incroachment must be stopped.

Another conference with the Engineer is set for September 30th, and if no agreement is reached the matter will be adjudicated by the Executive Council of the American Federation of Labor. But in the meantime the Engineer has forced, when he could, his men on operating jobs, replacing electrical workers. It's only in a few cases he was able to do that, but that was in direct violation of the Order of the A. F. of L. Convention and the expressed understanding at the recent conference.

So all locals must be on their guard against invasion of their jurisdiction. No matter how small the number might be, insist upon electrical work for electrical workers.

We fully intend to keep our promise, not to surplart the few men they have on the work in question pending a settlement of the controversy, but they must not be allowed to use the time to make further inroads on work that clearly belongs to the Electrical Worker.

The International Officers cannot be everywhere, and even if they could they could do nothing without the cooperation of the membership. The keeping of future of the Brotherhood rests with all the memberships and the locals must resist the first attempt to take away work that is properly theirs. If the small attempt is resisted it will not grow big. In the near future there will be a surplus of men, and our work must be protected for the boys "over there" who will come back, and expect to find their jobs at home protected by those whom they risked all to protect.

The Taft Walsh War Labor Board Findings.

In the case of the Gen. Electric Co., (Pittsfield Workers) they granted twenty per cent increase to all day workers, twenty per cent increase to all piece workers. Company to pay all back time due by September 15, 1918.

Either party may present changes in scales at six month's periods.

This award effective for the duration of the war.

TO ALL LOCALS OF RAILROAD ELECTRICAL WORKERS.

There has come to our attention a circular issued by the Order of Railroad Telegraphers wherein they claim jurisdiction over all signal men and linemen. This is a plain encroachment on the Electrical Workers Jurisdiction and should be stopped before it becomes serious.

Supplement No. 4 to General Order No. 27 clearly places signal men and signal maintainers as well as linemen of all classes, under the jurisdiction of the Electrical Workers. We are therefore urging all locals to pay particular attention to, and to make special efforts to organize the signal men, signal maintainers and linemen of all classes on your system.

Your attention is also called to organizing and holding jurisdiction over all crane men of all classes.

Extract from Supplement No. 4 to General Order No. 27 is attached showing jurisdiction granted to electrical workers by the Government award.

Extract from Late Supplement 4, to General Order No. 27.

Relative to Classification of Electrical Workers in Railroad Award, beg to advise it is as follows:

Section 5—Electrical Workers, First Class. Employees skilled in repairing, rebuilding, installing, inspecting, and maintaining the electric wiring of generators, switchboards, motors, and control, rheostats, and control, static and rotary transformers, motor generators, electric headlights and head-light generators, electric welding machines, storage batteries and axle lighting equipment, pole lines and supports for service wires, and cables, catenary and monorail conductors and feed wires, overhead and underground; winding armatures, fields, magnet coils, rotors, stators, transformers and starting compensators, all outside and inside wiring in shops, yards and on steam and electric locomotives, passenger train and motor cars, and include wiremen, armature winders, switchboard operators, generators attendants, motor attendants, substation attendants, electric crane operators for cranes of 40 tons capacity or over, cable splicers, linemen and groundmen, signalmen, and signal maintainers where handling wires and apparatus carryig 240 volts or over, or in dense traffic zones, and all other work properly recognized as first-class electrical workers' work.

5-A Electrical Workers, Second Class. Operators of electric cranes of less than 40 ton capacity, linemen and groundmen, signalmen and signal maintainers, where handling wires and apparatus carrying less than 240 volts, and in normal traffic zones, and all other work properly recognized as second-class electrical workers' work.

5-B. Electrical Workers Apprentices. Include regular and helper apprentices in connection with the above.

5-C. Electrical Workers Helpers. Employees regularly assigned as helpers to assist electrical workers and apprentices, including electric lamp trimmers who do no mechanical work.

Insist on your jurisdiction being respected by all crafts.

By special agreement with Sheet Metal Workers all conduit comes properly under the jurisdiction of the Electrical Workers.

TO VICTORY! TO VICTORY!

With Wilson, Our President as Guide.

Words by John J. Carney.

Music by P. B. Story.

I.

I've hear the President's command,
I'm ready in the ranks to stand,
I'm called to serve and keep our country free.

I'm off to France to do and dare,
With other boys in khaki there,
To help maintain our own sweet liberty.
When battles start, we'll do our part
Break thro' the Kaiser's line.
In millions strong, we'll rush along,
And cross the river Rhine.

II.

I've come to bid you all adieu.
Mother, sweetheart and sister too.
Fear not. No fee will desecrate our land.
Our Navy true in suits of blue
As well as boys in khaki too,
Will keep eternal vigilance at hand.
In France we'll shine, when we're in line—

We're going just in time.
With flag unfurled, to face the world
And shout the cry sublime!

CHORUS.

To Victory! To Victory!
With Wilson, our President as guide.
In righteous cause he bade us wake
Because our freedom was at stake.
He'll spread the gospel of Democracy
far and wide.

We'll make a page in history—we'll win
what'ever betide.

To Victory! To Victory!
With Wilson, our President as guide.

Do not except the traveling card of Wm. O'Day, card No. 1623, until you communicate with Local #697, as we have something very important to take up with him.

NOTICE TO RAILROAD ELECTRICAL WORKERS.

This notice is to call your attention to the fact that grievances of Railroad Electrical Workers to be taken up with the Boards in Washington, D. C., should be sent to J. J. Purcell, Room No. 201, A. F. of L. Building, Washington, D. C., and should not be directed to President McNulty, who is on leave of absence and not under pay from the Brotherhood and is acting for us on Board No. 2, which deals with these grievances. There is nothing to prevent any member of this Board from conferring with our representatives acting for us on Board matters, but our representatives should not

be asked to take up the grievance with the commission and then vote on the deferential as part of this commission or board.

Our representative is of course asked to show this grievance sent to him and when they show as being addressed to a member of the Board, it weakens the position of this Board Member in acting on the Board to dispose of this particular grievance. Address all communications dealing with such grievances to J. J. Purcell, Room No. 201, A. F. of L. Building, Washington, D. C.

CONTINUE THE DRIVE.

While June 28th last was officially proclaimed as War Savings Day, closing the special drive conducted for the purpose of arousing the interest of the people in the War Savings movement, the official closing of the special drive by no means brought to an end the necessity of continued work on behalf of War Savings. The War Savings movement is one of the biggest things for the United States and for every loyal citizen in it that ever happened.

In the first place it is democratic. It brings government and people together. Twenty-five cents enables a person, man, woman or child, to become a financial supporter of the government in the war for humanity. Every twenty-five cents invested in War Savings Stamps means twenty-five cents saved from waste and devoted to government purposes.

It also means that the individual who saves his money to buy Thrift and War Stamps has just that much reserve of financial power to lean upon when the rainy day comes.

The War Savings plan is not speculative. War Stamps are not subject to stock market fluctuations. They are redeemable at any time on short notice at cost plus 3 per cent, and if held until maturity they pay the holder 4 per cent compound interest.

The impossibility of loss, the certainty of gain, the limiting of the amount so as to prevent these War Stamps being monopolized by wealthy men to insure that wage earners and people of small means shall have a chance to purchase the most profitable and safe government securities, should be welcomed and appreciated by wage earners all over the country. The War Savings movement was designed for them to place them in a position where they can help to fight their war and our war—the war of all of us, for, thank God, as Americans we stand united as one man for the prosecution of this war, in which we ask for nothing except assurances of the liberty of mankind, to a victorious conclusion

We read of the heroic fighting of American troops in the recent counter-offensive on the Marne. It thrills the blood to think that these boys of ours are fighting and dying so gallantly for ideals of democracy—not for territory, not for money, not for the aggrandizement of America, but for the liberties of the world. Let us all save our quarters and buy Thrift Stamps and War Stamps so that the millions we are sending to the front may know that the millions at home are behind them to the last atom of strength and to the last penny. By all means continue the War Savings drive.

UNITED STATES RAILROAD ADMINISTRATION.

Office of the Director General.
Washington, July 17, 1918.

CIRCULAR NO. 43.

To officers and employees of railroads under Federal control:

A large number of railroad men, by the purchase of Liberty bonds, are now holding an investment security for the first time. A large majority of the bonds so held are coupon bonds. Coupon bonds must be carefully guarded against loss or theft. They are payable to bearer. If they are lost, payment of them cannot be stopped, and they cannot be replaced by the Treasury Department.

Coupon bonds are suitable for investors who possess safe-deposit boxes. Registered bonds are provided to meet the needs of persons who have no safe places of deposit.

Registered bonds are issued in the name of the owner, which appears on the fact. The interest is paid by United States check, drawn to the order of the owner, and sent him by mail. If a registered bond is stolen, the thief cannot use it except by forgery, and the payment of the bond or the interest checks may be stopped. The bond itself may be replaced on proof of loss and if proper security is given.

Registered bonds are the best suited for the great majority of railroad men. The number of coupon bonds outstanding in the hands of railroad men, many of them kept, doubtless, in places affording no real security, is such a vast aggregate amount that it causes serious concern.

This is a wholly unnecessary risk. The Director General of Railroads there-

fore strongly advises that you

REGISTER YOUR LIBERTY BONDS

Officials of all railroads under Federal control are requested to give all information and assistance within their power to employees desiring to register their Liberty Bonds.

Directions appear on the reverse side of this circular, not only for registering your Liberty Bonds, but also for converting the $3\frac{1}{2}$ per cent Bonds and 4 per cent Bonds into Bonds paying $4\frac{1}{2}$ per cent interest.

W. G. McADOO,

Director General of Railroads.

Have had quite a few letters from different brothers throughout the country lately and I am taking this method of answering them as they all are about conditions on the coast. The wage question is like Heinty's pickles, many varieties but none too bad. The navy ship yards and steel wells and construction jobs is the reason the measly scale in the ship yards is \$5.77, but several are paying more sums as high as \$7.00. This all applies to the inside wire linemen in the ship yards are receiving from \$5.50 to \$7.00; the City Light is a \$5.75 job; the P. S. L. & T. Co. is \$5.50; Chicago, Milwaukee and St. Paul Electrification is \$5.50. \$1.17 for board. The Telephone is \$4.75 and all the men that have been there any length of time have quit for other fields. All are eight hour jobs and one hundred per cent union, so if you come dont forget your T. C. The Milwaukee will start the trolley on Sept. 1st. Several letters asked me about passes. You all know the Government have been passing men from place to place and several Brothers came out here to work on the C. M. & St. P. job on passes and there was a misunderstanding generally so the company cut the pass question out, but if anyone wants to come this way and pays his fare from any part of the country and goes to work on the Milwaukee and stays for ninety days they will refund the fair but be sure and get your R. R. receipt as you know the R. R. are now under Government control and the pass question is almost a thing of the past. This is not a part of any agreement but something the R. R. agreed to do. Anyone wanting further information can get in touch with me.

Yours fraternally,

A. W. McIntyre,
Box 1021, Seattle, Wash.

AROUND THE CIRCUIT

Assisted by Organizer Slattery, Local 159 of Madison, Wisconsin have reached a settlement with employers in their jurisdiction, which provides for an increased wage scale rate up to seventy cents. Union shop conditions are provided in the agreement as well as the 8 hour work day.

Local 307 of Cumberland, Md., assisted by Organizer Klotter have entered into a new agreement with the Telephone Company in their jurisdiction. Same provides for improved working conditions and an average increase of 13 cents per hour.

The members of Local Union No. 522 and 326 have reached a settlement with the Lawrence Gas and Electric Co. Operators that were receiving \$3.50 and \$3.18 per day, have been increased to \$4.50 per day. Assistant Operators were increased from \$3.00 per day to \$4.25. Wheelman from \$3.00 to \$4.00 per day. Inside men employed by the company were increased from \$22.50 and \$24.00 per week to \$28.80. This is the second raise obtained by the men from this concern during the year. Organizer Fennell assisted the Local Union and was rendered valuable aid by the Central Labor Union of Lawrence.

Local Union No. 746, Key West, Florida, which was recently organized have been successful in establishing the eight hour work day throughout their jurisdiction.

Assisted by Organizer Smith, Locals 755 and 756 of Clarksburg and Fairmont, West Virginia, have entered into an agreement with the Monongahela Valley Traction Company. This is the first agreement between the two local unions and the concern as the locals have only recently been chartered, and the advantages of organization can be seen when consideration is given to the progress the two locals have made since instituted. The wage scale established by the agreement is:

Line foremen—65c per hour.
Linemen—60c per hour.
Combination trouble and maintenance telephone men—\$125 per month.
Apprentice Sub-Station Operator.
First year\$ 95.00 per month
Second year 100.00 per month
Third year 105.00 per month
Fourth year 110.00 per month
Sub-Station Operators—\$120 per month.
Combination sub-station operators and repairmen—\$135.00 per month.
Arc lamp trimmers and patrolmen—\$115.00 per month.
Combination meterman—\$140.00 per month.
Armature winders—60 cents per hour.

This agreement also provides that in the event the Company receives the right of increasing traffic fare to six cents that there shall be an automatic increase in wages of five cents per hour.

Local Unions 755 and 756, Clarksburg and Fairmont, West Virginia, organized in June, have consummated a splendid joint agreement providing for the union shop, good working conditions and increases for the various branches of our trade employed in the traction and light departments of

the Monongahela Valley Traction Company. The Company supplies current for light and power purposes throughout the Upper Monongahela Valley and operates the largest single trolley system in the state of West Virginia. Increases for our men ranged from 25 to 60 per cent on a basic 9 hour day for all employees except sub-station operators who remain for the present at 12 hours, as follows: Line foremen advanced from \$3.78 to \$5.85; "A" linemen \$3.60 to \$5.40; "B" linemen \$2.52 to \$4.05; armature winders \$3.60 to \$5.40; (provision is made for the line and armature departments to receive an additional 45 cents per day to the above scales;) sub-station operators (four rates) from \$82.00 to \$100.00 per month; \$95.00 to \$120.00; \$100.00 to \$125.00, and \$110.00 to \$135.00 per month; lamp trimmers \$90.00 to \$125.00 per month; meter installers of four or more years service, \$125.00 per month; meter installers not less than \$115.00 per month; Combination metermen, testing, repairing, etc., \$100.00 to \$140.00 per month; combination trouble and maintenance telephone men \$125.00 per month. Contract runs from July 1, 1918 to July 1, 1919 and the approximate increase for our men for the year is conservatively estimated at \$38,000. In the negotiations from 50 cents to \$2.00 per day stood in the way of settlement. Both sides agreed to call in a U. S. conciliator, who mediated and advised without arbitrarily deciding the wage scale or other points at issue and lent very substantial assistance in effecting settlement without stoppage of work.

Locals No. 755 and 756 were organized by and their interests taken care of by General Organizer Smith.

The Brotherhood represented by Vice President Grasser and Organizer Thomas C. Robbins has just closed their agreement with the Western States Gas & Electric Company covering all of their territory, providing a wage scale for Journeymen of not less than \$5.80 per day, Foremen \$6.25 and Apprentices \$4.50 per day. Cable Splicers \$6.80 per day and Cable Foreman \$7.25 per day, Apprentices \$5.80 in Cable department. It covers all underground work known as Edison Tube or conduit, flame proof covering on cables and all operators in central generating and sub-stations.

Hydro-Electric Plant Operators will receive not less than \$100.00 per month. Stockton, California station operators \$125.00 per month. Two days off per month for all operators, swing operators being employed.

Lamp trimmers receive through new schedule not less than \$110.00 per month with \$35.00 per month for the keep of horse and cart. This is all minimum rate and some of the operators are receiving \$10.00 per month in excess of the rate provided in the agreement and meets the conditions voted for by the Local Unions in that district.

Assisted by Executive Board member, Frank Swor, Local 63a of Palestine have reached a satisfactory settlement with the Telephone Company and obtained an increase in wages of \$15.00 per month.

The Misener Rotary Metal Saw

Manufactured under Patents Pending by Misener & Irving Mfg. Co., Inc., Successors to M. S. Specialties, Ltd., Syracuse, N. Y.

Brothers:—Have you seen or used the Misener Rotary Hack Saw yet? If not you are still doing this work in the same old way. Show this to your "BOSS." Let him know you are progressive enough to cooperate with him and show him. Insist on him getting one of the labor savers to put in your "Kit," and see how quick he will do it as they are guaranteed to save 75% of the time

Center Rotary

Outer Rotary

it now takes to cut those holes in your Panels and for setting outlet boxes in wood Plastered and Tile partitions. Order from your jobber or direct from us.

By the adoption of the Oscillating shank, it is possible to use a "wobbly" chuck (one that is sprung or bent) and still get 100% efficiency.

Center rotary cuts pipe sizes ¾", 1", 1¼", 1½".

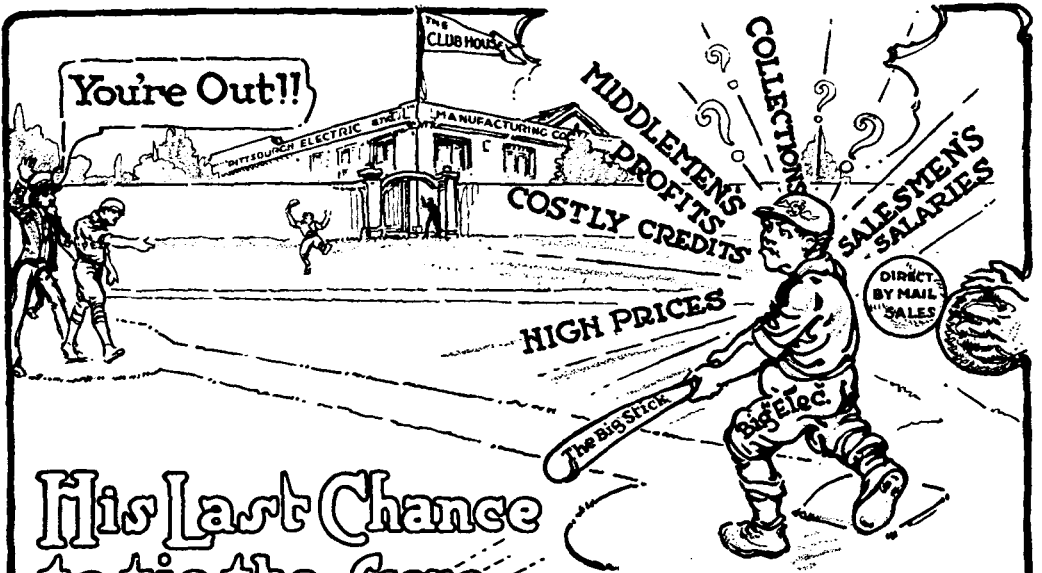

Outer rotary is quickly and securely fastened by an interlocking arrangement and cuts pipe sizes 2", 2½", 3", 3½", 4". Each Misener Tool is furnished with a complete set of saws ½" deep.

Complete Misener Tool.....	\$9.00
Center Rotary with oscillating bit shank (Separate).....	6.00
Outer Rotary (Separate).....	4.00
Machine Shop Tapered Shanks, ordered separate.....	1.50

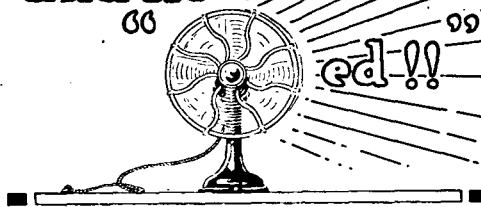

Our recommendation is that Misener Tools be bought complete, though for convenience in repeat orders we price them in various parts.

Misener Saw Blades are of the highest grade, rolled to proper size and temper. When ordering please do so by pipe size.
